

Application Denials

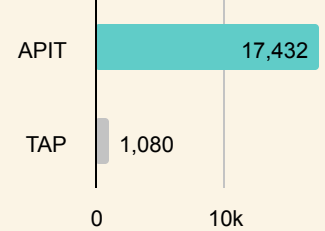

APIT Denials

TAP Denials

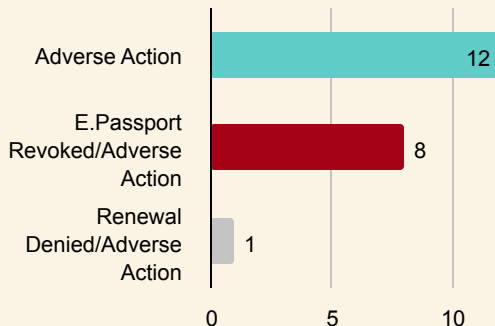

Approvals

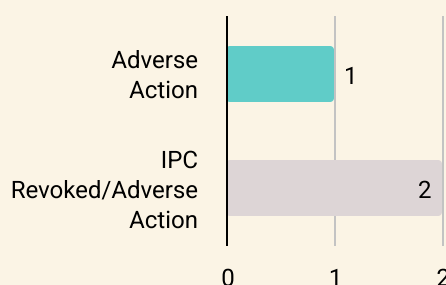

Denial Key	Explanation
Acknowledgment Needed	Applicant failed and/or declined to complete the mandatory Acknowledgement forms required for further processing of the application.
Adverse Actions	Any adverse actions taken against any psychology license ever held by the Applicant.
E.Passport/IPC Revocation	This occurs when ASPPB has issued an E.Passport and/or IPC prerequisite certificate but the certificate is revoked prior to the APIT and/or TAP application being reviewed/approved by PSYPACT
Not Licensed in "Home State"	Applicant declared a PSYPACT state as "Home State" but does not hold a full, unrestricted license to practice psychology in that jurisdiction.
Permanently Expired E.Passport/IPC	Applicant's prerequisite certificate (E.Passport and/or IPC) was issued more than two years prior to the date their APIT and/or TAP application was completed.

Authorization Revocations

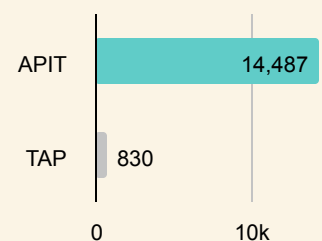

APIT Revocations

TAP Revocations

Currently Active

Revocation Key	Explanation
Adverse Actions	Any adverse actions taken against any psychology license ever held by the PSYPACT Authorization Holder.
E.Passport/IPC Revocation	This occurs when ASPPB has issued an E.Passport and/or IPC prerequisite certificate but the certificate is revoked prior to the APIT and/or TAP application being reviewed and/or approved by PSYPACT.
Renewal Denied	Upon review of a renewal application, it was determined that the Authorization Holder no longer satisfies the eligibility requirements to maintain an APIT and/or TAP authorization.
