compact recognizes that states have a vested interest in protecting the
public's health and safety through their licensing and regulation of
emergency medical services personnel and that such state regulation
shared among the member states will best protect public health and

member with no proxy votes allowed;

4. Establishing the titles, duties and authority and reasonable
procedures for the election of the officers of the commission;

with the bylaws.

10. The commission shall meet and take such actions as are
consistent with this compact and the bylaws.

D. The commission shall have the following powers:

1. The authority to promulgate uniform rules to facilitate and
coordinate implementation and administration of this compact. The rules
shall have the force and effect of law and shall be binding in all member

The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the commission, which shall promulgate a rule binding upon all member states.

representatives of the commission shall have no greater liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred, within the scope of commission employment, duties, or responsibilities, than a state employee would have under the same or similar circumstances. Nothing in this paragraph shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person.

2. The commission shall defend any member, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities. Nothing in this paragraph shall be construed to prohibit that person from retaining his or her own counsel. The commission shall provide such defense if the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

3. The commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, if the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that
person.

ARTICLE 11. COORDINATED DATA BASE

A. The commission shall provide for the development and maintenance of a coordinated data base and reporting system containing licensure, adverse action, and significant investigatory information on all licensed individuals in member states.

1. Identifying information;
2. Licensure data;
3. Significant investigatory information;

8. Other information that may facilitate the administration of this compact, as determined by the rules of the commission.

C. The coordinated data base administrator shall promptly notify all member states of any adverse action taken against, or significant investigative information on, any individual in a member state.

D. Member states contributing information to the coordinated data base may designate information that may not be shared with the public without the express permission of the contributing state.

E. Any information submitted to the coordinated data base that is subsequently required to be expunged by the laws of the member state contributing the information shall be removed from the coordinated data
ARTICLE 12. RULEMAKING

A. The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this Article and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

B. If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the EMS Personnel Licensure Interstate Compact, then such rule shall have no further force and effect in any member state.

C. Rules or amendments to the rules shall be adopted at a regular or special meeting of the commission.

D. Prior to promulgation and adoption of a final rule or rules by the commission, and at least sixty days in advance of the meeting at which the rule will be considered and voted upon, the commission shall file a notice of proposed rulemaking:

1. On the web site of the commission; and
2. On the web site of each member state's state EMS authority or the publication in which each state would otherwise publish proposed rules.

E. The notice of proposed rulemaking shall include:

1. The proposed time, date, and location of the meeting in which the rule will be considered and voted upon;
2. The text of the proposed rule or amendment and the reason for the proposed rule;
3. A request for comments on the proposed rule from any interested person; and
4. The manner in which interested persons may submit notice to the commission of their intention to attend the public hearing and any written comments.

F. Prior to adoption of a proposed rule, the commission shall allow persons to submit written data, facts, opinions, and arguments, which
shall be made available to the public.

G. The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:

1. At least twenty-five persons;
2. A governmental subdivision or agency; or
3. An association having at least twenty-five members.

H. If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time, and date of the scheduled public hearing.

1. All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing.

2. Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

3. No transcript of the hearing is required, unless a written request for a transcript is made, in which case the person requesting the transcript shall bear the cost of producing the transcript. A recording may be made in lieu of a transcript under the same terms and conditions as a transcript. This subsection shall not preclude the commission from making a transcript or recording of the hearing if it so chooses.

4. Nothing in this Article shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this Article.

I. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

J. The commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the
rule.

K. If no written notice of intent to attend the public hearing by interested parties is received, the commission may proceed with promulgation of the proposed rule without a public hearing.

L. Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing. The usual rulemaking procedures provided in this compact and in this Article shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety days after the effective date of the rule. For purposes of this paragraph, an emergency rule is one that must be adopted immediately in order to:

1. Meet an imminent threat to public health, safety, or welfare;
2. Prevent a loss of commission or member state funds;
3. Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or
4. Protect public health and safety.

M. The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the web site of the commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

ARTICLE 13. OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

A. Oversight

1. The executive, legislative, and judicial branches of state
government in each member state shall enforce the EMS Personnel Licensure Interstate Compact and take all actions necessary and appropriate to effectuate this compact's purposes and intent. This compact and the rules promulgated under this compact shall have standing as statutory law.

2. All courts shall take judicial notice of this compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the commission.

3. The commission shall be entitled to receive service of process in any such proceeding and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission shall render a judgment or order void as to the commission, this compact, or promulgated rules.

B. Default, Technical Assistance, and Termination

1. If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

   a. Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default, or any other action to be taken by the commission; and

   b. Provide remedial training and specific technical assistance regarding the default.

2. If a state in default fails to cure the default, the defaulting state may be terminated from this compact upon an affirmative vote of a majority of the member states, and all rights, privileges, and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

3. Termination of membership in this compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the commission to the
governor, the majority and minority leaders of the defaulting state's legislature or the speaker if no such leaders exist, and each of the member states.

4. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

5. The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from this compact, unless agreed upon in writing between the commission and the defaulting state.

6. The defaulting state may appeal the action of the commission by petitioning the United States District Court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

C. Dispute Resolution

1. Upon request by a member state, the commission shall attempt to resolve disputes related to this compact that arise among member states and between member and nonmember states.

2. The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

D. Enforcement

1. The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

2. By majority vote, the commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with this compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is
necessary, the prevailing member shall be awarded all costs of such
litigation, including reasonable attorney's fees.

3. The remedies in this Article shall not be the exclusive remedies
of the commission. The commission may pursue any other remedies available
under federal or state law.

ARTICLE 14. DATE OF IMPLEMENTATION OF THE INTERSTATE COMMISSION FOR
EMS PERSONNEL PRACTICE AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENT

A. The EMS Personnel Licensure Interstate Compact shall come into
effect on the date on which the compact statute is enacted into law in
the tenth member state. The provisions, which become effective at that
time, shall be limited to the powers granted to the commission relating
to assembly and the promulgation of rules. Thereafter, the commission
shall meet and exercise rulemaking powers necessary to the implementation
and administration of this compact.

B. Any state that joins the compact subsequent to the commission's
initial adoption of the rules shall be subject to the rules as they exist
on the date on which the compact becomes law in that state. Any rule that
has been previously adopted by the commission shall have the full force
and effect of law on the day the compact becomes law in that state.

C. Any member state may withdraw from this compact by enacting a
statute repealing the same.

1. A member state's withdrawal shall not take effect until six
months after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the
withdrawing state's state EMS authority to comply with the investigative
and adverse action reporting requirements of this compact prior to the
effective date of withdrawal.

D. Nothing contained in this compact shall be construed to
invalidate or prevent any EMS personnel licensure agreement or other
cooperative arrangement between a member state and a nonmember state that
does not conflict with this compact.
E. This compact may be amended by the member states. No amendment to this compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

ARTICLE 15. CONSTRUCTION AND SEVERABILITY

The EMS Personnel Licensure Interstate Compact shall be liberally construed so as to effectuate the purposes thereof. If this compact shall be held contrary to the constitution of any member state, the compact shall remain in full force and effect as to the remaining member states. Nothing in this compact supersedes state law or rules related to licensure of EMS agencies.

Sec. 70. The State of Nebraska adopts the Psychology Interjurisdictional Compact substantially as follows:

ARTICLE I

PURPOSE

States license psychologists in order to protect the public through verification of education, training, and experience and ensure accountability for professional practice.

The Psychology Interjurisdictional Compact is intended to regulate the day-to-day practice of telepsychology, the provision of psychological services using telecommunication technologies, by psychologists across state boundaries in the performance of their psychological practice as assigned by an appropriate authority.

The Compact is intended to regulate the temporary in-person, face-to-face practice of psychology by psychologists across state boundaries for thirty days within a calendar year in the performance of their psychological practice as assigned by an appropriate authority.

The Compact is intended to authorize state psychology regulatory authorities to afford legal recognition, in a manner consistent with the terms of the Compact, to psychologists licensed in another state.

The Compact recognizes that states have a vested interest in protecting the public’s health and safety through licensing and
regulation of psychologists and that such state regulation will best protect public health and safety.

The Compact does not apply when a psychologist is licensed in both the home and receiving states.

The Compact does not apply to permanent in-person, face-to-face practice; it does allow for authorization of temporary psychological practice.

Consistent with these principles, the Compact is designed to achieve the following purposes and objectives:

1. Increase public access to professional psychological services by allowing for telepsychological practice across state lines as well as temporary in-person, face-to-face services into a state which the psychologist is not licensed to practice psychology;

2. Enhance the states’ ability to protect the public’s health and safety, especially client or patient safety;

3. Encourage the cooperation of compact states in the areas of psychology licensure and regulation;

4. Facilitate the exchange of information between compact states regarding psychologist licensure, adverse actions, and disciplinary history;

5. Promote compliance with the laws governing psychological practice in each compact state; and

alternative programs to not provide telepsychology services under the
authority to practice interjurisdictional telepsychology or provide
temporary psychological services under the temporary authorization to
practice in any other compact state during the term of the alternative
program.

6. No other judicial or administrative remedies shall be available
to a psychologist in the event a compact state imposes an adverse action
pursuant to subsection C of this Article.

home state's state psychology regulatory authority shall promptly report
the conclusions of such investigations to the Commission. Once an
investigation has been completed, and pending the outcome of the
investigation, the psychologist may change his or her home state

additional rules for mandated or discretionary sharing of information by
compact states.

ARTICLE XI

RULEMAKING

A. The Commission shall exercise its rulemaking powers pursuant to
the criteria set forth in this Article and the rules adopted thereunder.
Rules and amendments shall become binding as of the date specified in
each rule or amendment.

B. If a majority of the legislatures of the compact states rejects a
rule, by enactment of a statute or resolution in the same manner used to
adopt the Psychology Interjurisdictional Compact, then such rule shall
have no further force and effect in any compact state.

C. Rules or amendments to the rules shall be adopted at a regular or
special meeting of the Commission.

D. Prior to promulgation and adoption of a final rule or rules by
the Commission, and at least sixty days in advance of the meeting at
which the rule will be considered and voted upon, the Commission shall
file a notice of proposed rulemaking:
1. On the web site of the Commission; and

2. On the web site of each compact state's state psychology regulatory authority or the publication in which each state would otherwise publish proposed rules.

E. The notice of proposed rulemaking shall include:

1. The proposed time, date, and location of the meeting in which the rule will be considered and voted upon;

2. The text of the proposed rule or amendment and the reason for the proposed rule;

3. A request for comments on the proposed rule from any interested person; and

4. The manner in which interested persons may submit notice to the Commission of their intention to attend the public hearing and any written comments.

F. Prior to adoption of a proposed rule, the Commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

G. The Commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:

1. At least twenty-five persons who submit comments independently of each other;

2. A governmental subdivision or agency; or

3. A duly appointed person in an association that has at least twenty-five members.

H. If a hearing is held on the proposed rule or amendment, the Commission shall publish the place, time, and date of the scheduled public hearing.

1. All persons wishing to be heard at the hearing shall notify the executive director of the Commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing.
2. Hearings shall be conducted in a manner providing each person who
wishes to comment a fair and reasonable opportunity to comment orally or
in writing.

3. No transcript of the hearing is required, unless a written
request for a transcript is made, in which case the person requesting the
transcript shall bear the cost of producing the transcript. A recording
may be made in lieu of a transcript under the same terms and conditions
as a transcript. This subsection shall not preclude the Commission from
making a transcript or recording of the hearing if it so chooses.

4. Nothing in this Article shall be construed as requiring a
separate hearing on each rule. Rules may be grouped for the convenience
of the Commission at hearings required by this Article.

I. Following the scheduled hearing date, or by the close of business
on the scheduled hearing date if the hearing was not held, the Commission
shall consider all written and oral comments received.

J. The Commission shall, by majority vote of all members, take final
action on the proposed rule and shall determine the effective date of the
rule, if any, based on the rulemaking record and the full text of the
rule.

K. If no written notice of intent to attend the public hearing by
interested parties is received, the Commission may proceed with
promulgation of the proposed rule without a public hearing.

L. Upon determination that an emergency exists, the Commission may
consider and adopt an emergency rule without prior notice, opportunity
for comment, or hearing, provided that the usual rulemaking procedures
provided in the Compact and in this section shall be retroactively
applied to the rule as soon as reasonably possible, in no event later
than ninety days after the effective date of the rule. For the purposes
of this paragraph, an emergency rule is one that must be adopted
immediately in order to:

1. Meet an imminent threat to public health, safety, or welfare;
2. Prevent a loss of Commission or compact state funds;
3. Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or
4. Protect public health and safety.

M. The Commission or an authorized committee of the Commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the web site of the Commission. The revision shall be subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the chair of the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

ARTICLE XII
OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

A. Oversight
1. The executive, legislative, and judicial branches of state government in each compact state shall enforce the Psychology Interjurisdictional Compact and take all actions necessary and appropriate to effectuate the Compact’s purposes and intent. The Compact and the rules promulgated under the Compact shall have standing as statutory law.

2. All courts shall take judicial notice of the Compact and the rules in any judicial or administrative proceeding in a compact state pertaining to the subject matter of the Compact which may affect the powers, responsibilities, or actions of the Commission.

3. The Commission shall be entitled to receive service of process in any such proceeding and shall have standing to intervene in such a
proceeding for all purposes. Failure to provide service of process to the
Commission shall render a judgment or order void as to the Commission,
the Compact, or promulgated rules.

B. Default, Technical Assistance, and Termination

1. If the Commission determines that a compact state has defaulted
in the performance of its obligations or responsibilities under the
Compact or the promulgated rules, the Commission shall:

a. Provide written notice to the defaulting state and other compact
states of the nature of the default, the proposed means of remedying the
default, or any other action to be taken by the Commission; and

b. Provide remedial training and specific technical assistance
regarding the default.

2. If a state in default fails to remedy the default, the defaulting
state may be terminated from the Compact upon an affirmative vote of a
majority of the compact states, and all rights, privileges, and benefits
conferred by the Compact shall be terminated on the effective date of
termination. A remedy of the default does not relieve the offending state
of obligations or liabilities incurred during the period of default.

3. Termination of membership in the Compact shall be imposed only
after all other means of securing compliance have been exhausted. Notice
of intent to suspend or terminate shall be submitted by the Commission to
the Governor, the majority and minority leaders of the defaulting state's
legislature or the Speaker if no such leaders exist, and each of the
compact states.

4. A compact state which has been terminated is responsible for all
assessments, obligations, and liabilities incurred through the effective
date of termination, including obligations which extend beyond the
effective date of termination.

5. The Commission shall not bear any costs incurred by the state
which is found to be in default or which has been terminated from the
Compact, unless agreed upon in writing between the Commission and the
defaulting state.

6. The defaulting state may appeal the action of the Commission by petitioning the United States District Court for the State of Georgia or the federal district where the Compact has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney’s fees.

C. Dispute Resolution

1. Upon request by a compact state, the Commission shall attempt to resolve disputes related to the Compact which arise among compact states and between Compact and noncompact states.

2. The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes that arise before the Commission.

D. Enforcement

1. The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of the Compact.

2. By majority vote, the Commission may initiate legal action in the United States District Court for the State of Georgia or the federal district where the Compact has its principal offices against a compact state in default to enforce compliance with the provisions of the Compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney’s fees.

3. The remedies in this Article shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

ARTICLE XIII

DATE OF IMPLEMENTATION OF THE PSYCHOLOGY INTERJURISDICTIONAL COMPACT COMMISSION AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENTS

A. The Psychology Interjurisdictional Compact shall come into effect
on the date on which the Compact is enacted into law in the seventh
compact state. The provisions which become effective at that time shall
be limited to the powers granted to the Commission relating to assembly
and the promulgation of rules. Thereafter, the Commission shall meet and
exercise rulemaking powers necessary to the implementation and
administration of the Compact.

B. Any state which joins the Compact subsequent to the Commission’s
initial adoption of the rules shall be subject to the rules as they exist
on the date on which the Compact becomes law in that state. Any rule
which has been previously adopted by the Commission shall have the full
force and effect of law on the day the Compact becomes law in that state.

C. Any compact state may withdraw from this Compact by enacting a
statute repealing the same.

1. A compact state’s withdrawal shall not take effect until six
months after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the
withdrawing state’s state psychology regulatory authority to comply with
the investigative and adverse action reporting requirements of the
Compact prior to the effective date of withdrawal.

D. Nothing contained in the Compact shall be construed to invalidate
or prevent any psychology licensure agreement or other cooperative
arrangement between a compact state and a noncompact state which does not
conflict with the Compact.

E. The Compact may be amended by the compact states. No amendment to
the Compact shall become effective and binding upon any compact state
until it is enacted into the law of all compact states.

ARTICLE XIV
CONSTRUCTION AND SEVERABILITY

The Psychology Interjurisdictional Compact shall be liberally
construed so as to effectuate the purposes of the Compact. If the Compact
shall be held contrary to the constitution of any state which is a member
of the Compact, the Compact shall remain in full force and effect as to the remaining compact states.

Sec. 71. Section 77-2704.12, Revised Statutes Cumulative Supplement, 2016, is amended to read:
