IIAR/IARW/ASHRAE/AHRI/RSES

A. **Purpose**
   1. To develop and maintain a long-term relationship for the benefit and advancement of both associations and their membership.

B. **Responsibilities**
   1. Develop a good working relationship through frequent contact with the organization’s Executive Director, Officers, Board of Directors and various committee members pertaining to RETA’s common goals.
   2. Maintain a meaningful dialogue and a willingness to develop educational programs on a joint venture basis.
   3. Represent RETA for various joint projects and at the direction of RETA’s president, attend various meetings.

RSES

A. **Purpose**
   1. To assist both organizations in maintaining a fluid conduit to pursue independent goals, enhance common goals and develop future goals. RETA is primarily industrial refrigeration oriented while RSES is primarily residential and commercial refrigeration service oriented. (Both organizations and pursuing certification programs).

B. **Responsibilities**
   1. Try to develop a network, which allows the local organizations to communicate about future conventions, regional seminars and local meetings. Short-term goals encourage RSES to assign a RETA liaison.
   2. Complete any specific requirement as directed by the national Board.
