Basic Industrial Refrigeration Operator 1 Training:

This is an intensive four-day session designed for ammonia refrigeration operators with limited experience. This entry level course will use RETA (Refrigerating Engineers and Technicians Association) Industrial Refrigeration 1 and customized materials developed to fully cover the topics listed.

Topics:

- Fundamental Items
- The Refrigeration Cycle
- Properties of Refrigerants
- Saturated Refrigerant Tables
- Compressor Types
- Operation & Maintenance of a Refrigeration System
- Lubrication
- Evaporators/Cooling Units
- Condensers & High Pressure Receivers
- Purging

Training Materials:

Each participant will receive the RETA IR-1 Manual (\$200 Value) that will contain information on the topics listed above. Each participant will be given the RETA IR-1 End of Book exam. A Certificate of Completion will be given if the participant scores at least a 70% grade or higher. The participant will also receive 32 PDH credits. Should the participant not pass the exam, a Certificate of Attendance will be given.

Trainer Experience:

Eric Girven is a RETA Authorized Instructor (RAI) with over 26 years of experience as a Technician/Operator, Supervisor, Manager and Trainer.
