This is my first time ever taking the EPA exam

I have taken the EPA exam before with RSES

If you tested/passed sections of the EPA 608 through RSES, we stack your records using your Social Security number.

I have taken the EPA exam before with another organization

If you tested/passed sections of the EPA 608 through another organization, RSES requires official documentation showing scores earned and certification number to provide a composite certification. Please provide these records to your proctor to mail in with your exam. Otherwise, your exam will be scored without stacking these records.
