Monument Health Heart and Vascular Institute
Rapid City, SD
1. Understanding appropriate patient selection for coronary artery revascularization.
 2. Learning about typical CABG conduits and discerning the appropriate conduit selection
 3. Comprehension of CABG patient postoperative management
 4. Appreciation of gender differences in patients who undergo CABG
- 3:00-3:30 PM Break - Snacks and Exhibitors**
- 3:30-4:30 PM “Fitting Into Your “Genes”: An Introduction to Genetics and Pharmacogenomics”**
Jennifer Morgan, NP
Genetics Specialty
Sanford Imagenetics
Sioux Falls, SD
1. Differentiate between genetic counseling, medical genetics, and pharmacogenomics.
 2. Describe the clinical utility of pharmacogenomics.
 3. Identify reputable resources for pharmacogenomic information.
 4. List appropriate referrals for genetic counseling and medical genetics.
- 4:30-5:30 PM Non-statin lipid lowering therapies**
Holly Flynn, PharmD
Monument Health Heart and Vascular Institute
Rapid City, SD
1. List clinical scenarios when it is appropriate to optimize statin therapy with the addition of a non-statin lipid-lowering therapy
 2. Summarize the clinical data supporting the use of non-statin lipid-lowering therapies
 3. Determine the most appropriate non-statin lipid-lowering therapy for a given patient case based on patient-specific “

Thursday, March 2nd

- 6:45-7:30 AM Breakfast and Exhibitors**
- 7:30-8:00 AM Glaucoma Prevention in Primary Care**
Tori Dilts PA-S2
PA Program
University of South Dakota
Vermillion, SD
1. Understand the basics of glaucoma: asymptomatic nature and slow progression.
 2. Educate on the primary risk factors of glaucoma.
 3. Encourage PCPs to make eye health and routine eye exams a priority in patient care.
- 8:00-8:30 AM Effects of Social Media Use on the Mental Health of Adolescents**
Madison Dangler PA-S2
PA Program
University of South Dakota
Vermillion, SD
1. Rate of mental health hospital admissions with increased social media use.
 2. Rate of cyberbullying with earlier age of social media use.
 3. Online/Internet tools to improve patient care.

8:30-9:30 AM There's a Burn in Room 1

Eric Jensen, RN
 CHI Health St. Elizabeth
 Lincoln, NE

1. Identify depth of burn injury and treatment strategies
2. Identify signs and symptoms of Inhalation injuries
3. Understand the ABA referral guidelines for burn patients

9:30-10:00 AM Break - Snacks and Exhibitors**10-11:00 AM Audiology 101: What you need to know**

Denise L. Byrd, Doctor of Audiology
 Monument Health
 Spearfish, SD

L. Felicia Beltman, Doctor of Audiology
 Monument Health
 Spearfish, SD

1. After this presentation, participants will be able to identify when to refer patients to an audiologist for a hearing evaluation.
2. After this presentation, participants will be able to counsel their patients on the use of over-the-counter hearing aids compared to how an audiologist evaluates and fits hearing devices.
3. After this presentation, participants will be able to discuss hearing loss' connection to isolation and cognitive decline.

11-12:00 PM Caregiver Burnout: Assessing, Treating, Preventing

Randi K. Schneider, MSW, CSW-PIP, QMHP
 Behavior Management Systems
 Rapid City, SD

1. You're not 'fine' – How to assess for caregiver burnout.
2. When to seek help and how to cope.
3. You can't stop AND you need a break - Individual and group prevention plans.

12:00-1:00 PM General Membership Meeting

Lunch provided

1:00-2:00 PM Update on Diabetes Medications & Technology

Melissa Traub, CNP
 Monument Health Rapid City Clinic
 Rapid City, SD

1. Identify at least two new diabetes medications.
2. Become familiar with the newest drug class of diabetes medications, CLP1/GIP agonists.
3. Become able to list at least two types of diabetes technology that can be used in clinical care.

2:00-3:00 PM Overview of Chronic Wound Assessment & Management

Jessica Hart, CNP
 Monument Health Wound Care
 Rapid City, SD

1. Identify the features and classify chronic wounds.
2. Formulate appropriate work-up and treatment plans to diagnose and manage chronic wounds.
3. Differentiate among the chronic wounds that indicate initiation of specialized wound management.

3:00-3:30 PM Break - Snacks and Exhibitors**3:30-4:30 PM Venous and Arterial Disease**

Kim Hayden, PA-C
 Monument Health Heart and Vascular Institute
 Rapid City, SD

1. Identify signs and symptoms of arterial disease.
2. Identify signs and symptoms of venous disease.
3. Identify treatment options and goals of intervention.

4:30-5:30 PM Overview of Foot/Ankle Pathology and Imaging Case Studies

Margaret M. Chilvers, MD
 Black Hills Orthopaedic and Spine Center
 Rapid City, SD

1. Discuss appropriate imaging modalities for common foot/ankle pathology.
2. Review imaging findings for foot/ankle pathology.
3. Discuss appropriate clinical management for various foot/ankle pathology.

5:30-7:30 PM Social

Join us for appetizers and drinks

Friday, March 3rd**6:45-7:30 AM Breakfast****7:30-8:30 AM Geriatric Hip Fractures**

Nathaniel M. Wilson, MD
 Black Hills Orthopedic & Spine Center
 Rapid City, SD

1. Discuss appropriate evaluation and work-up for geriatric hip fractures.
2. Discuss surgical management of geriatric hip fractures.
3. Discuss peri-operative management of geriatric hip fractures.

8:30-9:30 AM Making Dermatology Easy

Karmela Bachman, PA-C
 Monument Health Dermatology
 Rapid City, SD

Sarah Rodolph, DNP, APRN, FNP-C
 Monument Health Dermatology
 Rapid City, SD

1. Benign vs malignant s/s
2. When to biopsy or freeze
3. When to refer.

9:30-10:00 AM Break - Snacks**10-11:00 AM Urology 101**

Caiti Kean, CNP
 Urology
 Monument Health
 Rapid City, SD

Elizabeth Stamper, CNP
 Urology
 Monument Health
 Rapid City, SD

1. Attendees will have a better grasp on urological interventions that can be implemented in primary care.
2. Attendees will have a better understanding of when to refer patients to urology.
3. Attendees will have a couple of "tools" to help their patients while they are waiting to be seen by Urology.

11-12:00 PM Proteinuria, hematuria! Now what?

Milisha Stevens, PA-C
 Nephrology
 Monument Health
 Rapid City, SD

1. Define CKD and review management goals.
2. Define findings that should prompt specialty consultation.
3. Define referral criteria for Urology or Nephrology

12-1:00 PM **Open Lunch**

1:00-2:00 PM **Overview of the surgical management of breast cancer**

Nicholas Czosnyka, MD, FACS

General Surgeon

Monument Health

Spearfish, SD

1. *Different Imaging modalities and their utility*
2. *Surgical management options*
3. *Indications for preoperative systemic therapy*

2:00-3:00 PM ***Tumor Imaging: Lung, Breast, Prostate;**

Screening and Surveillance.

David K. White, MD

Dakota Radiology

Rapid City, SD

1. *Gain a deeper understanding of the rationale, methods and barriers for LDCT Lung Cancer Screening.*
2. *Understand the current guidelines for breast cancer screening, breast cancer risk determination and routine and high-risk screening strategies.*
3. *Understand the role of MRI in prostate cancer assessment and surveillance and prostate specific PET CT for assessing disease recurrence and response to therapy.*

10-12:00 PM **March 1st and 2nd**

Apollo: Airway Management Workshop

Presentation followed by Hands-on Practice

(No CME through SDAPA)

Zach Lucas, RN

Apollo

Learn critical techniques in this constantly evolving field, including how to troubleshoot difficult airways, positioning, airway decontamination, and more.

This activity has been reviewed by the AAPA Review Panel and is compliant with AAPA CME Criteria.

This activity is designated for 20 AAPA Category 1 CME credits. PAs should only claim credit commensurate with the extent of their participation.

Approval is valid from 3/1/2023 to 3/3/2023. AAPA reference number: CME-208788.
