

## **Subcommittee for Codes & Standards Liaison (SCCSL)**

### **Other Organizations Working Group**

#### **Meeting Report – September 6, 2016**

**Present:** Mark Mannex, Eric Reed, Stephen Skalko, Lauren Waring and Chris Jelenewicz (Staff).

**Apologies:** Michael Phillips

#### **The following was discussed:**

**Organizations in the US** – It was agreed that CJ will send out a list of current SFPE technical documents. It is attached to this document. The Working Group will review this list and see if there are specific organizations to target.

Additionally, SFPE's intern put together a list of state organizations that reference SFPE documents. It is attached to this document. This is not a complete list but it can be used as a starting point.

**Organizations in Canada** – Michael Phillips provided the Working Group with a list of possible organizations to target in Canada:

- a. BNO (Bureau de Normalisation du Quebec).
- b. CGSB (Canadian General Standards Board)
- c. CSA (Canadian Standards Association)
- d. ULC (Underwriters Laboratory of Canada)

These organizations will be discussed at the next meeting.

**Getting Chapters & SFPE members Involved** – In regards to standards that are from organizations outside North America, the Working Group will continue to talk with SFPE members/chapters that reside outside North America. Mark Mannex provided the Working Group with URL to the FM Global Country Building Codes Index
