RE: SB 2364, SD2, HD1 RELATING TO WORKERS' COMPENSATION

Aloha Chair Luke, Vice Chair Cullen, and members of the committee:

On behalf of the Society for Human Resource Management – Hawaii Chapter (“SHRM Hawaii”), we are writing in opposition to SB 2364, SD2, HD1 relating to workers’ compensation. This bill requires employers to pay for all medical services required for the employee for the compensable injury and the process of recovery, even when claims are disputed. We believe that this bill as currently written will create barriers to appropriately resolving claims and will not accomplish the goal of promoting justice, fairness and transparency.

Human resource management professionals are responsible for the alignment of employees and employers to achieve organizational goals. HR professionals seek to balance the interests of employers and employees with the understanding that the success of each is mutually dependent. We believe that this bill will alter the balance of employer and employee interests in the resolution of claims in a manner that does not advance the overall public purpose of ensuring workplace safety. We respectfully ask that you do not advance this bill.

SHRM Hawaii represents more than 800 human resource professionals in the State of Hawaii. We look forward to contributing positively to the development of sound public policy and continuing to serve as a resource to the legislature on matters related to labor and employment laws.

Mahalo for the opportunity to testify.
