

ASM New Member Application 2014

Who We Are

The Associated Subcontractors of Massachusetts (ASM) is a trade association representing subcontractors, suppliers and service providers across the state and surrounding areas. Established in 1950, we are the only organization that serves the business interests of all subcontractors, both union and open shop, in every trade. Our mission is to provide the best advocacy, legal advice, education, networking, news and information to our 400 members, who perform work on major private and public construction projects across the commonwealth.

"In Massachusetts, there is no other organization like ASM when it comes to informing and educating subcontractors, and protecting our rights. I can truly say it is the best organization for our company and has been a key to our success."

*David G. Cannistraro, Executive VP, JC Cannistraro
ASM Past President*

YES, we want to be part of the state's leading association for subcontractors, suppliers and service providers.
