

## Arizona Nurses Association Archive: The Nurses' List 2013

The Fifty-first Arizona Legislature has adjourned Sine Die. First Special Session: June 13, 2013, 2:55 P.M. First Regular Session: June 14, 2013, 12:59 A.M. Below you will find 185 bills evaluated by the AzNA Public Policy committee. Thirty-five of these are session laws, [Chaptered bills] and will become law on September 12 and 13. If there are emergency clauses, a bill may become law sooner. In 2013 the AzNA Public Policy Committee identified bills 'to be watched'. Fourteen bills supported by AzNA passed. One bill AzNA opposed became law. This year the legislature wrote more bills but passed fewer due to the politics of the Medicaid Expansion activities.

The 27 RN member AzNA Public Policy Committee is chaired by Amy Franciscus, RN, JD. Two RN students serve on the committee. Our numbers are powerful and inform our opinions through diversity and experience. During each legislative session bills of interest to nurses and their constituents in Arizona are read and evaluated by least three members of the committee. Once the bills are read a position is established or the bill is identified as one to be monitored. AzNA's position on a bill is subject to change based upon new information, changes in language, or other circumstances.
