

Dallas Water Utilities

Cease the Grease

Background

- **Implementation in 2005**
- **To reduce FOG entering the wastewater system**
 - Enforcement
 - Education
 - Public Outreach
- **Goals**
 - Reduce Environmental Impact
 - Pollution Prevention
 - Cost Savings
 - Reduce Maintenance Efforts
 - Human Health

Mission

Continually educate and inform Dallas Water Utility (DWU) customers both young and old, about proper disposal of fats, oils, and grease (FOG) in order to reduce/eliminate costly grease related sanitary sewer overflows (SSOs).

Program Overview

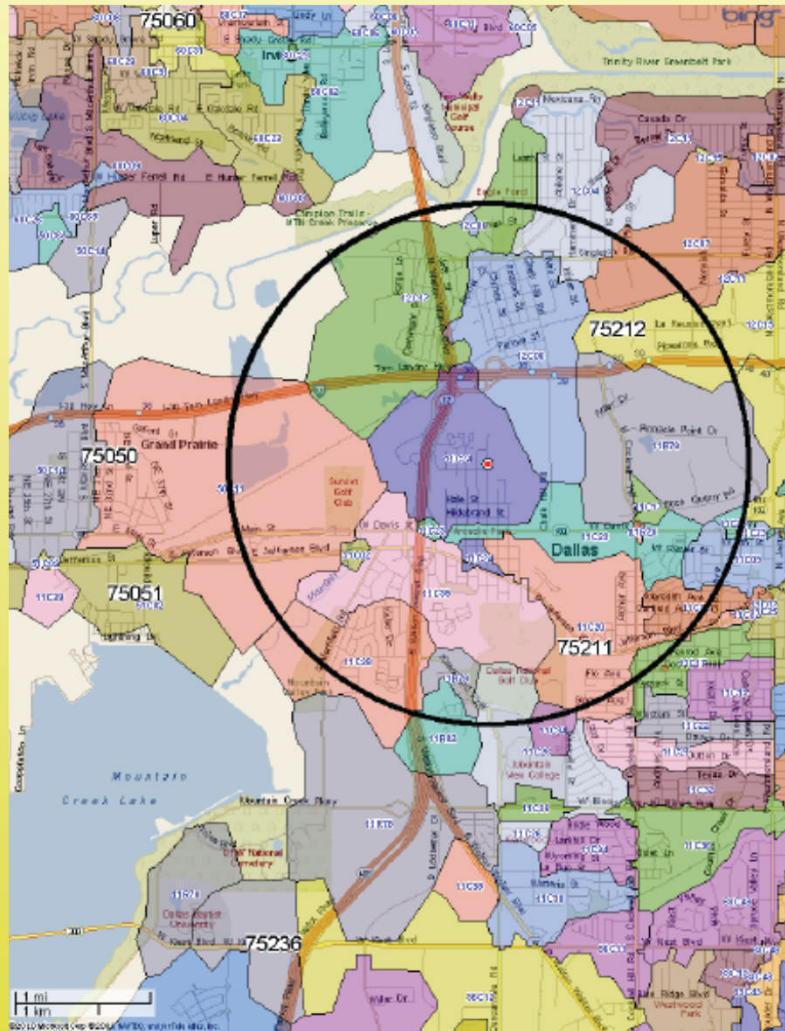

Key Program Initiatives

- Create a unifying graphic device for all communications
- Rapid (SWAT) Response Program
- Support education and outreach programs
- Develop effective FOG recycling program
- Increase City, community, public/private partnerships
- Utilize technology/social media

Outreach & Education - SWAT

10/17/2010	1198 St. Augustine Dr	Grease
11/11/2010	8715 Senate St	Grease
12/19/2010	1638 Marfa Ave	Grease
2/24/2011	1600 Ft. Worth Ave	Debris, Grease
10/9/2011	7051 C F Hawn Frwy	Grease

Outreach & Education - Apartments

- AAGD Trade Show with 1,100 Apartment Managers and Employees
- SAFE Symposium with 2,100 Dallas Apartment Managers

SAFE Symposium

Outreach & Education – General and Professional Organizations

- Professional presentations include EPA, North Texas WEAT, TWUA, PWA, CMOM and the Building Professionals Institute
- Participate in over 200 outreach events per year.

Outreach & Education - Schools

- FY 09-10: 90 classroom presentations at 18 schools
- FY 10-11: 111 classroom presentations at 26 schools
- FY 11-12: 166 classroom presentations at 34 schools

CEDAR VALLEY COLLEGE

Outreach & Education - Media

Grease Monster and Earl the Plumber

“When you pour grease down the drain, it puts money in my pocket.”

– Earl the Plumber
ceasethegrease.org/earl

Plumbers like Earl love the holiday season. Every year people pour grease and used cooking oil down their drains clogging up their pipes and causing smelly, expensive backups in the city's sewer system.

Don't give your money to Earl.

Instead, pour your grease and used cooking oil into a sealable container and throw it away or recycle the oil. That's right, we'll take your used cooking oil and recycle it into biofuel that powers Dallas County school buses.

Visit ceasethegrease.org/earl to find your nearest recycling center.

See how much Earl will charge to unclog your greasy drain.

Visit www.ceasethegrease.org/earl

“You're still pouring grease down the drain?”

Great, I got the bass boat, now I need a new truck.” – Earl the Plumber
ceasethegrease.org/earl

Every year people pour grease and used cooking oil down their drains clogging up their pipes and causing smelly, expensive backups in the city's sewer system.

Instead, pour your grease and used cooking oil into a sealable container and throw it away or recycle the oil.

That's right, we'll take your used cooking oil and recycle it into biofuel and other green materials.

Visit ceasethegrease.org/earl to find your nearest recycling center.

Grease related SSOs in Dallas.

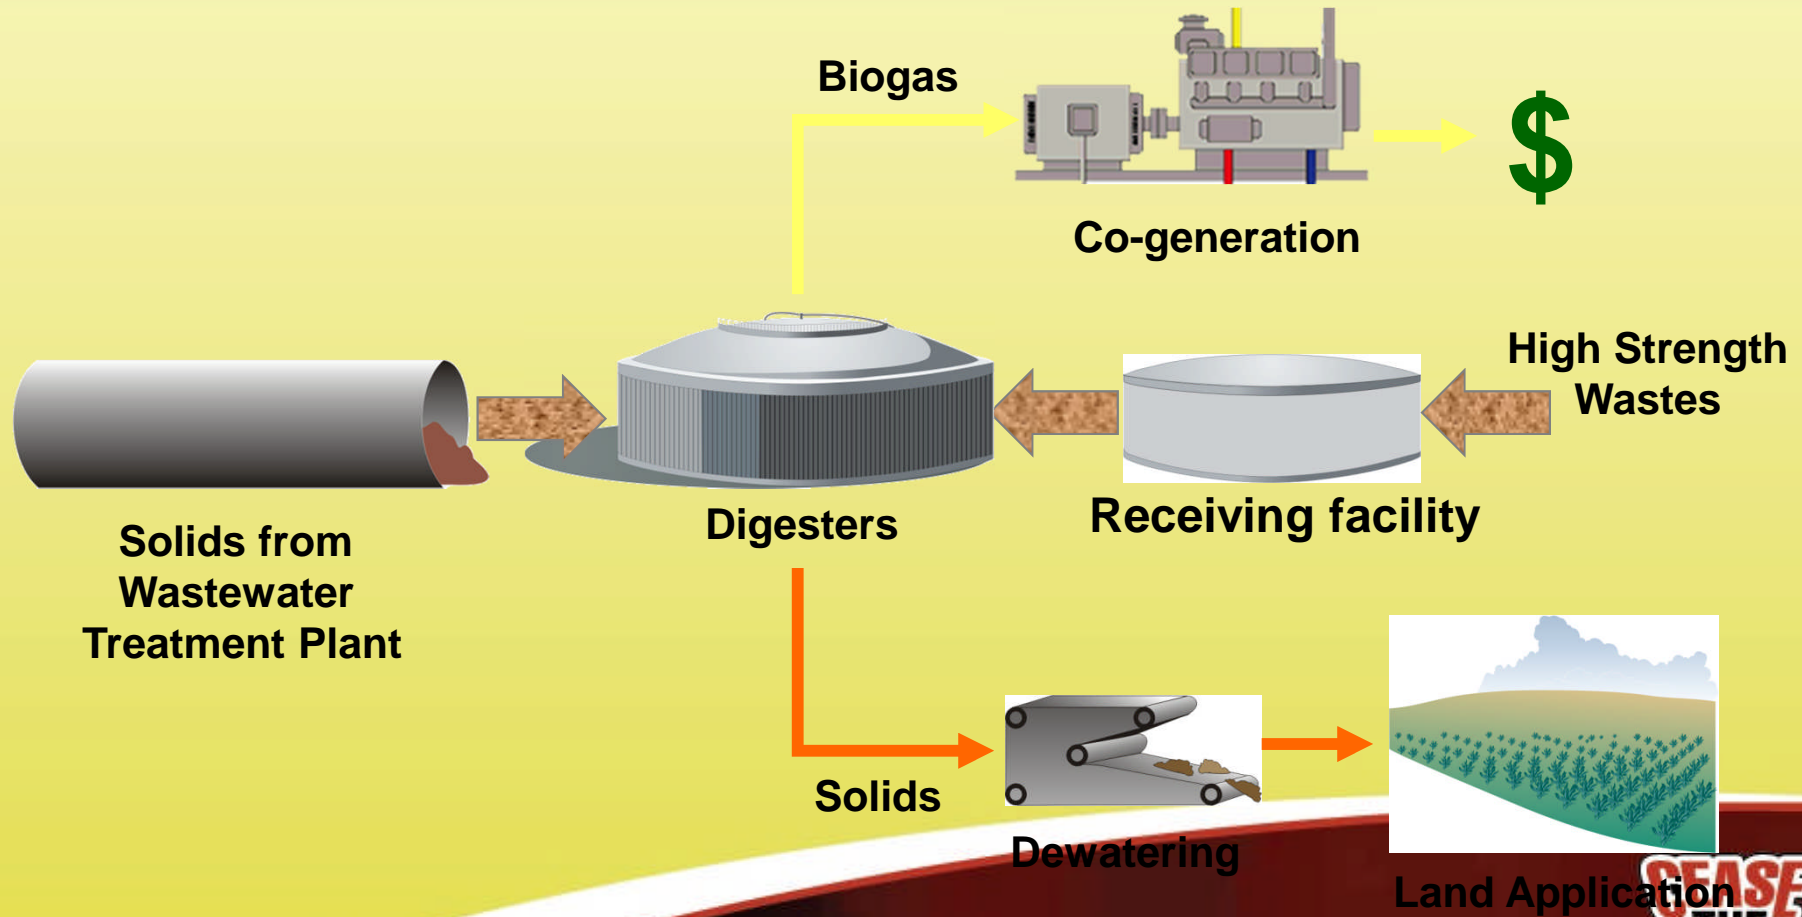

Program Results

Used cooking oil collected and converted into biofuel for school buses.

- FY 10-11 – 4,700 gallons
- DWU Biogas Project
 - Dec 2012: 900 gallons
 - Feb 2013: 900 gallons
 - Mar 2013: 300 gallons

DWU Biogas Project

Biogas Benefit

- As a fuel to generate electricity, DWU's Biogas has the potential to reduce the City of Dallas' total grid derived electricity consumption by almost 4%
- Reduce DWU electrical consumption by 7%
- Reduce SSWWTP electrical consumption by 60%

DWU Biogas Project Video

Awards

- 2012 TCEQ - Texas Environmental Excellence Award for Pollution Prevention
- 2010 NACWA National Environmental Achievement Award in Public Information & Education – Video, NTGAC
- 2010 NTCRA – Green3 Award for Involvement in the Community through Partnerships 2nd Place with DCS
