Submission Guidelines

To submit information for the newsletter, please complete this form with details of upcoming activities or events. Be sure to specify one of the above sections your event/announcement will fall under.

The deadline for submitting content for each week’s edition is every Monday at 5 p.m.
Join us for the 30-for-30 Pledge During the Month of October!

*Hosted by the Community Service Committee*

In October, we honor the birth of the Student National Medical Association and bring awareness to obesity and prevention within our communities. Take the pledge to walk 1 mile a day or exercise 30 minutes each day for the entire month of October. Honor the birth of SNMA while staying healthy to optimally serve our communities.

Thank you for taking the pledge!
Pipeline Mentoring Institute (PMI) Webinar Series

*October 17, 24 & November 7, 2021, 8 PM EDT*

Attend Here

Please join the Pipeline Mentoring Institute (PMI) for our PMI Webinar Series throughout October and November! If you are interested in learning more about the PMI and how your SNMA or MAPS chapter can start a program with schools in your community, we invite you to attend our webinar series to learn from chapters that have successfully implemented programs in their communities. We will continue to showcase chapters that have successfully started and maintained pipeline programs on their campuses. Come learn about the various pipeline programs housed under the PMI for K-12 students, including the Health Professions Recruitment and Exposure Program (HPREP), Youth Science Enrichment Program (YSEP), and the Brotherhood Alliance for Science Education (BASE), as well as the Pre-Medical Minority Enrichment and Development (PMED) Protocol for premedical students.

PMI Coordinator Application

*Deadline: October 29, 2021*

Apply Here

If you are passionate about increasing the capacity of the SNMA’s Pipeline Mentoring Institute (PMI) to reach more underrepresented K-12 and premedical students across the country and supporting the overall mission of the PMI, then you should apply to serve as the PMI Coordinator! The PMI Coordinator position is open to any medical or premedical student who is dedicated to strengthening the pipeline of URM students into medicine and other STEM-related fields. Applicants should be organized, attentive to detail, and have availability in their schedules to devote to this position. If you are interested in serving as the PMI Coordinator, completed applications are due on or before Friday, October 29th by 11:59 PM EST. We look forward to reviewing your applications!

If you have any questions related to the above programs/events, please contact the PMI Fellow at pmi@snma.org.
JSNMA Accepting Submissions for Winter Edition!

Do you have a passion for writing about important issues and current events? If so, now is your chance to shine! The Journal of the Student National Medical Association (JSNMA) is looking for submissions for our upcoming Winter edition.

The theme of this edition is: Global Health Concerns: A Focus on Communities in Need. Please feel free to submit all articles, poems, etc. pertaining to the topic of global health issues and concerns. **The call for submissions is open September 22nd, 2021 — Tuesday, Dec 21st, 2021.**

Be sure to include a picture of yourself as well as a short biography alongside your submission. Please submit all submissions, questions, & concerns to the JSNMA Managing Editor, Tori Owens, at: JSNMA@snma.org.

You can always email us with any questions at fellowshipinfo@hertzfoundation.org.

Global Health Fellowship

*Apply by December 15, 2021*

The International Affairs Committee is hosting the 2nd Global Health Fellowship! This educational and research opportunity will allow fellows to learn from national experts! The theme for this year is: Equity and Sustainability in Global Health. Choose from one of two tracks: Medical Spanish or Global Health Systems. You will culminate this experience with a poster presentation at AMEC. This opportunity is open to both Pre-Med and Medical Student Members.
Learn More. Membership to the American Society for Clinical Pathology (ASCP) is free to medical students and an excellent way to explore pathology as a career. Pathology has workforce shortages in both physicians and laboratory professionals. What you may not know is that, in the United States, there is a current massive shortage of forensic pathologists. In fact, the minimum needed in the US to support our medicolegal system is about 1200 but there are only 500 MD pathologists boarded in Forensics that are working today. And that was BEFORE the pandemic… In an effort to increase the forensic pathology workforce, the National Center for Forensics, funded by the National Institutes of Justice, is working on multiple interventions to inform and assist the choices of pre-med, medical students, and pathology residents that may be interested in forensic pathology or that have not considered it as a career. As part of that program, we have developed a flyer which details the current job availability, the salaries, and, most importantly, the myriad of loan repayment programs that are offered, many of which are specific to forensic pathology. With the challenge of mounting medical school debt, many medical students choose residencies not out of passion but out of financial necessity. This should not be the case. We want every medical student to be aware of these loan repayment programs so that those few who are truly passionate about forensic pathology can make the most informed decision. Please check out the flyer for more information about loan repayment programs in forensic pathology!

California Department of Public Health Preventive Medicine Resident

*Apply by October 31, 2021*

The Preventive Medicine Residency Program offers a one to two-year program in General Public Health/Preventive Medicine. The PGY2 training year is spent obtaining an MPH for those residents who do not already have one, followed by a PGY3 training year working with experienced public health physician mentors to gain practical public health experience at the State or a local health department. The residency is geared for physicians who are interested in a public-sector career addressing public health, as well as achieving health equity in disadvantaged and underserved communities of California.

Prevent Blindness A.S.P.E.C.T. Engagement Program

*Apply by November 12, 2021*

Call for Applications – A.S.P.E.C.T. Patient Engagement Program

Prevent Blindness is currently seeking individuals to participate in the third cohort of our A.S.P.E.C.T. (Advocacy, Support, Perspective, Empowerment, Communication, and Training) Program, which equips participants with knowledge, skills, and confidence to become advocates for vision and eye health – at the individual, peer-to-peer, community, state, or national levels. The program will be held virtually and consists of 10 sessions held across a five-month period (November 2021-March 2022). Individuals living with any eye disease or condition (including family members of children under 18 living with these conditions) are eligible to apply; as are allies (loved ones, nonprofit representatives, multidisciplinary clinicians, researchers, etc.). Participants will receive an honorarium for their participation. To learn more about A.S.P.E.C.T., please visit its web page. If you or someone you know is interested in participating, please complete this short application (or contact Julie Grutzmacher at 312.363.6032 if unable to access the online application).
NRMP Seeking Student Director to Serve on NRMP Board

*Apply by December 1, 2021*

The National Resident Matching Program (NRMP) is seeking nominations of individuals for election to one student director position on its Board of Directors. The nominee must be a student in a U.S. DO medical school. Learn more about application requirements and complete the application here. The deadline for receipt of nominations is December 1, 2021. Nomination packets must be complete, ordered as outlined above, and saved in PDF format before they are submitted to admin@nrmp.org. Incomplete packets will not be advanced for consideration. All information will be considered by the NRMP Nominating Committee, which will prepare a slate of candidates for election by the Board of Directors at its January 2022 meeting. The term of service will begin on July 1, 2022, with onboarding activities commencing April 2022. The Board meets three times each year, usually in October, January, and May. Board members also serve on one or more committees, which may entail additional travel if the work cannot be accomplished by email or telephone conference call. NRMP Bylaws prohibit staff members of nominating organizations from serving on the Board. Please contact the NRMP directly at admin@nrmp.org with questions.

Kaiser Permanente Northern California Summer Residency Program: Intro to Integrated Health Care

*Apply by January 31, 2022*

Session 1: June 4-24, 2022, or Session 2: July 9-29, 2022. Current rising 2nd-year medical students demonstrating a superior interest in community health, and who seek to promote culturally sensitive care are being sought for this unique opportunity. As an IIHC participant, you will virtually learn from our outstanding faculty and resident physicians, including our support staff, and will be exposed to culturally sensitive care and population-based health care. Medical students demonstrating a superior interest in community health and who seek to promote culturally sensitive care are encouraged to apply. We are pleased to offer two virtual training sessions covering a Deliberate Practice framework, accessing, and sustaining an optimized performance and learning state, and developing a commitment and meta-outcome to support student focus, intrinsic motivation, and Step 1 Exam Success. The second component will focus on developing an Exam Preparation Plan and Schedule, applying learning strategies, and test-taking strategies to support their Exam preparation activities. Applicants are asked to state their current interests in medicine and express their current involvement in serving diverse communities. Finalists will be virtually paired with physician mentors in various clinical settings of their choice. Students will also participate in weekly online didactic and reflection sessions. Please indicate in your application in which session you can participate (Session One or Session Two).
Psychiatry Research Residency Track, UC San Diego

Apply Here. The UC San Diego Psychiatry Research Residency Track is a NIMH-funded, 4-year Residency program that includes substantial protected time for mentored research training. Our program aspires to educate future Academic Psychiatrists, and to help nurture their early academic careers by building important skills in research, clinical care, teaching and mental health advocacy. Interested senior medical students are encouraged to contact the Program Director, Neal Swerdlow, MD, PhD (nswerdlow@ucsd.edu).
University of Missouri Visiting Student Diversity Program for Fourth Year Students: Multispecialty/Physical Medicine & Rehabilitation

Apply Here. The University of Missouri School of Medicine has a continued commitment to diversity and inclusion. We recognize the educational benefit of a diverse academic environment and strive to enable our students to care for the growing diversity of our community and beyond. Our Visiting Student Diversity Program provides opportunities for 4th year medical students to do an elective rotation with the University of Missouri School of Medicine and MU Healthcare. Students will receive up to $950 for housing during their elective which may be accompanied by an additional stipend provided by the individual department to which the student is assigned. Available Rotations: Family Medicine Physical Medicine and Rehabilitation Internal Medicine Orthopedic Surgery Child Health (Pediatrics) Radiology Emergency Medicine General Surgery Application Process Apply through VSAS for an away rotation AND submit the supplemental application for the Visiting Student Diversity Program to the program administrative assistant, Kate Wessler (wesslerk@missouri.edu). Eligibility Students must be enrolled as a 4th year student in an LCME accredited institution at the time of the elective.
