From the National Board to you:

We are excited to highlight all of what SNPhA has to offer including membership, community engagement, professional development, and much more!

This brochure captures a small portion of the world of SNPhA, and we invite you to learn more through experiencing what being a part of the SNPhAM (SNPhA family) is all about!

Feel free to contact any members of the National Board for more information

Sincerely,

The SNPhA National Board
OUR MISSION

SNPhA is an educational service association of pharmacy students who are concerned about the profession of pharmacy, healthcare issues, and the poor minority representation in these areas. The purpose of SNPhA is to plan, organize, coordinate, and execute programs geared toward the improvement of the health, educational, and social environment of minority communities.

OUR OBJECTIVES

- To offer student members the opportunity to develop leadership and professional skills
- To educate students about, and promote active participation in national healthcare issues
- To develop the role of the minority health professional as a vital member of the healthcare team
- To develop a positive image of minority health professionals in our communities
- To educate communities on better health practices and to increase their awareness and understanding of diseases
INITIATIVE MISSIONS

ADVOCATING FOR THE UNDERSERVED

FIGHTING DIABETES
Aims to advance public knowledge about pre-diabetes and diabetes through education, collaboration, and partnerships with local and national community organizations.

BRIDGING THE GAP
Dedicated to enriching the education of our members as well as providing a layered level of learning for mentorship between high school students, pre-pharmacy students, SNPhA members, and National Pharmaceutical Association (NPhA) members.

MENTAL HEALTH
Aim to break down barriers and change the way people everywhere embrace mental health. All of us are impacted in some capacity, from minority communities and veterans to the elderly and the youth.

OPERATION IMMUNIZATION
This initiative is an immunization awareness campaign designed to increase the public's knowledge of immunizations while increasing the number of adults and children receiving immunizations. By participating in this initiative, student pharmacists are helping the pharmacy profession in the fight against the growing incidence, morbidity, and mortality associated with vaccine-preventable diseases.
REMEMBER THE RIBBON

Dedicated to improving the health and social environment of underserved communities regarding the HIV/AIDS epidemic through awareness, prevention, and education. We hope to further the mission of breaking down barriers. Our vision is to fight the stigma and improve the health outcomes of those living with HIV/AIDS while reducing the rate of new infections through education.

LEGISLATIVE, MEMBERSHIP BENEFITS, & IMMIGRATION

Aims to promote equal rights and to advocate for underserved populations. The purpose of this initiative is to increase registered voters and also to address, educate, and advocate for legislation that positively impacts the profession of pharmacy and issues related to healthcare for all patients, including the minority and underserved populations.

PROJECT KEEPSAKE

Aims to implement programs and projects to make people aware of the health disparities in chronic kidney disease (CKD) and utilize all resources to educate those at a higher risk about the prevalence, prevention, treatment, and management of the underlying causes of CKD.

POWER TO END STROKE

Collaborate with National Pharmaceutical Association (NPhA) and the American Stroke Association (ASA) to create events to monitor and educate our community on chronic hypertension, risk factors and symptoms of stroke, and smoking cessation.
SCHOLARSHIPS, COMPETITIONS, & ENGAGEMENT

Providing Opportunities for Growth

SNPhA members have the incredible opportunity to apply for a variety of scholarships! Additionally, members can participate in various competitions, including the Kroger Clinical Skills Competition, Walmart’s Prescription for Service, Eli Lilly Business Plan Competition, and more.
Many of the prizes for the competitions include monetary awards!

$40,000 +
In Scholarship Money Offered Each Year

4 Competitions
Held in Community, Clinical, Managed Care, and Industry Settings

Professional Development
Through the Rite Aid Leadership Academy, Pharmacy Student Mentorship Program, Residency & Fellowship Showcase, SNPhA Excellence Series, and More!
Kroger Clinical Skills Competition

The Kroger Company and SNPhA Clinical Skills Competition (CSC) is an educational opportunity for members across the country to display their pharmaceutical knowledge and patient assessment skills through case presentations and patient counseling.

LEAP@Lilly Business Competition

LEAP at Lilly Business Competition will give members an opportunity to apply their clinical knowledge, clinical experience and problem-solving skills to address real-world business challenges faced by the pharmaceutical industry.

Walmart Prescription for Service

National scholarship competition to grant SNPhA students the funds needed to make an impact on underserved communities. The competition promotes the value of community outreach, teamwork, and leadership all while advancing the pharmacy profession.

Astrazeneca Medical Science Liaison (MSL) Competition

AstraZeneca is a proud sponsor of SNPhA Medical Science Liaison Simulation (MSL) Competition, where members have the opportunity to leverage their clinical expertise and demonstrate their passion for translating science into action. Students will have the opportunity to engage with AstraZeneca oncology medical affairs to showcase their interest in the MSL role and interpret clinical data into meaningful content for healthcare providers.

Delta
PHARMACY STUDENT MENTORSHIP PROGRAM
The Pharmacy Student Mentoring Program (PSMP) is a longitudinal experience in which pharmacy students are provided with real-world training opportunities to sharpen their skills as future pharmacy professionals. During this process, students will be paired with an experienced pharmacist that will provide guidance, advisory feedback, and expert opinion covering an array of topics regarding the practice of pharmacy.

RITE AID LEADERSHIP ACADEMY
The Rite Aid Leadership Academy is an amazing opportunity for students to tap into their potential, and refine their fundamental leadership skills. This is at the SNPhA/NPhA National Convention where a select group of student pharmacists will learn to leverage connections, invest in themselves, find their leadership style, and elevate their team.

SNPhA EXCELLENCE SERIES
The SNPhA Excellence Series is a series where SNPhA members can come together, be vulnerable, and learn about personal and professional development concepts that will impact them now and tomorrow.

NATIONAL RESIDENCY & FELLOWSHIP SHOWCASE
National Residency and Fellowship Showcase (RFS) is an annual experience where members are able to explore various post-graduate opportunities from visiting sponsor, residency, and non-traditional programs. Opportunities include sponsor presentations, showcases, and mock interviews!
THE SNPhA DIFFERENCE

The impact of having a SNPhA chapter on campus is limitless! With the variety of resources, guides, and support from other chapters, region facilitators, and other members of the national board - SNPhA's impact on your institution and the surrounding communities can make a massive difference in the trajectory of future healthcare professionals!
