ASBA Honors Distinguished Sports Facilities

Forest Hill, MD – The American Sports Builders Association (ASBA), the national organization for builders and suppliers of materials for athletic facilities, has announced the winners of its annual awards. Awards are presented each year to facilities built by ASBA members, which best exemplify construction excellence.

Awards are presented in various categories: Tennis Courts, Running Tracks, Sports Fields, Pickleball Facilities, Multi-Purpose/Fieldhouse and Track & Field Facilities. Within some categories, there are divisions; for example, the Sports Field category recognizes single- and multiple-field facilities.

New this year was a special category: Tennis and Pickleball Facilities, in recognition of the growing number of multi-sport venues as communities recognize the value of both sports.

Winners of awards were announced at the Association's 2025 Technical Meeting, presented from December 2-5 in San Antonio, Texas. The meeting served as a testament to ASBA's growing membership, as well as its reach in the industry, having a record-breaking attendance of nearly 1,400 individuals. At the meeting, ASBA celebrated its 60th anniversary, making it all the more appropriate to recognize excellence in sports facility construction.

"ASBA's motto has always been, "Build it Right," and this year's award-winning projects really exemplify that," said Randy Resley, chairman of the Association. "Not only are they designed and constructed to exacting standards, as well as being aesthetically beautiful, but they provide an excellent playing experience for the athletes who use them and the spectators who come to watch them."

Projects are scored individually based on considerations such as layout and design, site work, drainage, base construction, surface, amenities, innovation and overall impression. Winning entries are those whose cumulative scores met or exceeded the standard:

Outstanding Sports Fields: Single Field Facilities

Holly Area Schools High School

Holly, Michigan

GMB Architecture + Engineering

Calvin University Zuidema Soccer Stadium

Grand Rapids, Michigan

GMB Architecture + Engineering

Pewaukee High School

Pewaukee, Wisconsin

GRAEF

Sacred Heart Fields at Mount Saint Charles Academy

Woonsocket, Rhode Island

Gale Associates, Inc.

Harbor Springs Ottawa Field

Harbor Springs, Michigan

Foresite Design, Inc.

Yeager Field at Bishop Fenwick High School

Franklin, Ohio

Sportworks Design

Conaty Park - Bryant University

Smithfield, Rhode Island

GA Sports Construction

The ASBA is a non-profit association comprised of designers, builders and suppliers in sports facility construction. The ASBA sponsors informative meetings, publishes a quarterly magazine, books and technical construction guidelines for athletic facilities, produces a mobile app containing diagrams of sports facilities and keeps its members aware of the latest developments in the industry.

Additionally, ASBA offers voluntary certification programs in tennis court, running track and sports field construction, as well as a certificate program in pickleball court construction. It also has a philanthropic initiative, the [American Sports Builders Foundation](#) (ASBF).

For information on the ASBA, as well as on its publications, activities and upcoming meetings, contact the Association at 2331 Rock Spring Road, Forest Hill, Maryland 21050. The phone number is 443-640-1042. The ASBA also may be reached electronically via its website: www.sportsbuilders.org, or via e-mail at info@sportsbuilders.org.
