### **ASBA Honors Distinguished Sports Facilities**

Forest Hill, MD – The American Sports Builders Association (ASBA), the national organization for builders and suppliers of materials for athletic facilities, has announced the winners of its annual awards. Awards are presented each year to facilities built by ASBA members, which best exemplify construction excellence.

Awards are presented in various categories: Tennis Courts, Running Tracks, Sports Fields, Pickleball Facilities, Indoor Multipurpose Facilities and Track & Field Facilities. Within some categories, there are divisions; for example, the Sports Field category recognizes single- and multiple-field facilities.

Winners of awards were announced at the Association's Technical Meeting, presented for the first time in a virtual format.

Projects are scored individually based on considerations such as layout and design, site work, drainage, base construction, surface, amenities, innovation and overall impression. Winning entries are those whose cumulative scores meet or exceed the standard.

Winning projects are as follows:
