Poster Presentation Guidelines
Society for Psychophysiological Research Annual Meeting
Marriott Hotel, New Orleans, LA USA
September 27-October 1, 2023

Guidelines

Face-to-face poster sessions will be held in the Acadia room on the 3rd floor of the Marriott New Orleans Hotel.

The size of the individual poster boards will be 4’ high X 8’ wide. There is a 1” border that goes around the poster board. Your poster should be formatted to fit within those dimensions. SPR will provide tacks for adhering your poster to the board.

All posters must be removed during the designated dismantle time for each session. The schedule for poster presentation assembly and dismantle is below.

Although you could communicate research via an oral presentation, presenting a poster allows you to more personally interact with the people who are interested in your topic, and lets you reach more people. Research has demonstrated that people who are standing are more engaged learners than people sitting in chairs (at talks). Posters are also handy because they can still be viewed even when you’re not present. And after the conference ends, you can hang the poster in the hallway of your department for people to admire.

If you have any questions, please send an email to meetings@sprweb.org.

Poster Sessions
