

WHY SHOULD YOU BECOME A CTA?

CTAs are the “best of the best” as Property Tax Professionals!

The CTA designation was the first designation for property tax professionals – before the state ever required us to be registered and certified! A CTA is educated in every aspect of the property tax profession to be better prepared to provide customer service to the public. If you already have designations of RPA and RTA, you are qualified. Go to www.taao.org in order to find out all the qualification requirements and application. We have mentors available to answer your questions and help you through the process.

Apply to become a CTA today. Catch the big wave and become the best Property Tax Professional you can be!
