

Ontario Aerospace, Space, Defence, UAV & MRO

2019 Capabilities Directory

NEW EDITION WITH ONLINE VERSION

Don't miss your opportunity to be featured in the newest edition of the acclaimed OAC Capabilities Directory. This publication is a go-to directory for companies around the globe wishing to find companies and gain understanding of the aerospace sector in Ontario.

The 2019 edition will have the added value of a fully dynamic searchable online version.

BENEFITS OF PARTICIPATION

National and International Distribution and Visibility

- Distribution to government contacts and trade commissioners (both federal and provincial) around the world.
- Distribution at International Trade Shows, including the Paris Air Show, the Farnborough Airshow, NBAA and select Aeromart Summits.
- Distribution during incoming and outgoing trade missions.
- Distribution at OAC industry and research and technology events.
- Companies with full participation in the directory receive **three copies**.
- Companies with limited participation will receive **one copy**.

AIRCRAFT ENGINES, EQUIPMENT, ACCESSORIES AND COMPONENTS

CARIC
CONSORTIUM FOR AEROSPACE RESEARCH AND INNOVATION IN CANADA

PILOTING INNOVATION

The Consortium for Aerospace Research and Innovation in Canada (CARIC) supports innovation by co-funding collaborative R&D projects in aerospace.

Facilitate collaboration of researchers from the aerospace industry, academia and research centres

Launch initiatives whose primary objective is to generate aerospace-related R&D

Be a part of aerospace innovation in Ontario.

CONSORTIUM FOR AEROSPACE RESEARCH AND INNOVATION IN CANADA (CARIC)

The Consortium for Aerospace Research and Innovation in Canada (CARIC) is a not-for-profit organization that provides support for the aerospace industry, academia and research centres. CARIC is a consortium of public and private organizations that work together to support aerospace-related R&D projects in Ontario.

Our mandate is to co-fund collaborative R&D projects in aerospace. We provide funding to support research and innovation in aerospace-related areas. We also provide support for aerospace-related education and training programs.

For more information, please contact us at: matthew.conway@theoac.ca | (905) 882-5275

SPECIAL FEATURES

- Ontario aerospace sector profile and key facts for 2019
- Listing by products/services of all Ontario aerospace companies
- Company profiles with hyperlinks to websites
- Aerospace education programs and R&T capability listing

ON-LINE ACCESS

- A **web version** of the directory will be available on the **OAC website** with advanced search functionality and hyperlinks to your company website.
- Participating companies will be listed in the on-line version by product/service category.
- View the 2018 Capabilities Directory at <http://theoac.ca/page/2018Directory>
