

Technology & Workforce Initiatives: The Alliance

Tennessee's Drive to 55 Alliance is an active and rapidly growing alliance of private sector partners, leaders and non-profits working together in support of the state's Drive to 55 initiative.

The goal of the Drive to 55 Alliance is to help generate greater private sector awareness, ownership and support for the long-term steps needed in college entry and completion, adult education and training, and identifying and closing skills gaps to better prepare our workforce and our state for the future.

While the Alliance will actively support all facets of the Drive to 55 initiative, it is focusing initially on the successful launch and implementation of the new Tennessee Promise scholarship program that provides two-years of tuition-free community or technical college to Tennessee high school graduates beginning with the Class of 2015.

The Alliance is helping lead the charge for Tennessee Reconnect designed to help more adults complete a postsecondary degree or credential at a community or technical college, tuition free.
