Titanic Toughness.
Just one of the many strengths of Alcoa Architectural Products’ Reynobond® Titanium.

Want the natural durability and aesthetics of titanium, with all the design flexibility of a composite? Introducing Reynobond Titanium—the newest addition to our innovative line of Natural Metal Composites. Reynobond Titanium is the ideal solution for architectural projects that must demonstrate a sense of strength. Its natural, non-directional finish maintains itself over time, and can be post-production treated to achieve champagne hue that shift with light conditions. With so many benefits, it’s a truly beautiful design choice.
