SUMMARY STATEMENT

The purpose of this Request for Proposal is for **statewide contracts**, to be known as an **Approved Vendor List**, with highly qualified and experienced vendors, for the provision of **library materials** (defined here as books in various bindings and/or audio-visual materials) and/or **services** (defined here as cataloging, materials processing and collection development services) to any **public, school, academic or special library that wishes to participate AND that is a member of any one of eleven library cooperatives in the state of Michigan**. Please see Appendix A for a list of Michigan’s 11 library cooperatives. Please see **Appendix B** for a link to the member library list for each of Michigan’s 11 library cooperatives. Such libraries may select the vendor of their choice when ordering library materials and/or services and shall not be restricted to any one vendor for any one service. In other words, a library may choose to purchase books from one vendor, cataloging services from another vendor, book processing services from another vendor, and collection development services from another vendor, without incurring extra charges.

This proposal consists of three parts. **Part I** covers discounts for library materials. **Part II** covers discounts for cataloging, materials processing and collection development services. **Vendors may choose to respond to Part I, Part II, or both.** **Part III** consists of a list Michigan’s 11 library cooperatives, as well as links to the member library list of each of those cooperatives.

TERMS AND CONDITIONS

A. **All responses, inquiries, and correspondence relating to this RFP and all reports, charts, displays, schedules, exhibits and other documentation produced by the proposal process that are submitted to TLN as part of the proposal or otherwise shall become the property of TLN and may be considered public information under applicable law.**

B. **Unless a proposal is expressly rejected by TLN, all proposals will remain in effect for 210 days subsequent to the proposal opening. TLN may request that bidders extend the effective period of their proposals. Such requests shall be in writing and will require bidder’s written consent to the extension. Bidder may not withdraw, cancel, or modify its proposal for a period of 210 days after the advertised closing time for the receipt of proposals.**

C. **This Request for Proposal does not obligate TLN to accept or contract for any expressed or implied services. Likewise, TLN is not obligated to award a contract pursuant to this RFP. TLN reserves the right to enter into discussions with the bidders whose proposals are deemed most advantageous for the purpose of negotiation.**

- 3 -
D. TLN, in its sole discretion and authority, may determine that it is in the best interest of TLN to reject any and or all proposals submitted in response to this RFP. TLN, in its sole discretion and authority, may disregard or waive any informality in the proposals or bidding process.

E. Bidder must read and understand the solicitation and tailor the proposal and all activities to ensure compliance. TLN reserves the right to amend the solicitation; reject any or all of the proposals; and waive minor defects. TLN may request a clarification, inspect bidder’s premises, interview staff, request a presentation, or otherwise verify the contents of the proposal, including information about subcontractors and suppliers. TLN may request best and final offers where appropriate. TLN will make all decisions on compliance, evaluation, terms and conditions, and shall make decisions in the best interests of TLN. Failure of a bidder to comply with requests for information or cooperate may result in the proposal being deemed non-responsive to the solicitation. Submitting a proposal does not entitle a bidder to an award or contract. TLN is not responsible for and will not pay any costs associated with the preparation and submission of any proposal. Awarded bidder shall not commence, and will not be paid for, any billable work prior to the date all parties execute the contract.

F. Bid prices must incorporate any/all peripheral costs including, but not limited to the costs of products/services, delivery/transportation charges, training materials, labor, insurance, applicable taxes, warranty, overhead and profit, etc. that are required by the RFP.

G. Bidder shall assume and pay all taxes, including state, federal, and local taxes, which are payable by virtue of the furnishing and delivery of materials or services specified. Materials and services purchased by TLN are not subject to either federal excise taxes or Michigan sales taxes. Bidders shall include all other applicable federal, state, and local taxes, direct or indirect, in their proposals.

H. Bidder may withdraw their proposal at any time prior to the date and time for proposal opening. Requests for withdrawal must be made in writing on the bidder’s letterhead to the official contact for the RFP.

I. A bidder is considered responsible when it has the capability in all respects to fully perform the contract requirements and has the integrity and reliability that will assure good faith performance. TLN will determine whether TLN can or should do business with a bidder. TLN may consider factors including, but not limited to certifications, conflict of interest, financial disclosures, past performance, references (including those found outside the solicitation), compliance with applicable laws, financial responsibility, insurability, equal opportunity compliance, capacity to produce, ability to provide the required maintenance services or other matters relating to the bidder’s probable ability to deliver the required services within the time and price as specified in this RFP.

J. Michigan law and rule govern this RFP and any resulting contract. Bidder must bring any action relating to this RFP or any resulting contract in the appropriate court in Michigan.
K. All responses, inquiries, and correspondence relating to this RFP and all reports, charts, displays, schedules, exhibits, and other documentation produced by the proposal process that are submitted to TLN as part of the proposal or otherwise shall become property of TLN and may be considered public information under applicable laws. However, TLN will consider requests for confidential treatment under Michigan Freedom of Information Act (FOIA) (MCL 15.231). A request for confidential treatment will not supersede TLN’s legal obligations under FOIA. TLN will not honor requests to keep entire responses confidential. Bidders must show the specific grounds in FOIA or other law or rule that support application of confidential treatment. Regardless, TLN will disclose the successful bidder’s name, the substance of the response, and the price. If bidder requests confidential treatment, bidder must submit an additional copy of the response with the proposed confidential information redacted. This redacted copy must tell the general nature of the material removed and shall retain as much of the original response as possible. Bidder shall list the provisions, identified by section number, for which it seeks confidential treatment and identify the statutory basis under Michigan or other applicable law and include a detailed justification for exempting the information from public disclosure. Bidder will hold harmless and indemnify TLN for all costs or damages associated with TLN honoring bidder’s request for confidential treatment. Bidder agrees that TLN may copy the response to facilitate evaluation, or to respond to requests for public records. Bidder warrants that such copying will not violate the rights of any third party.

L. In performing the services required under this contract, vendor and its subcontractors will be required to comply with all applicable federal, state, and local laws, statutes, ordinances, and regulations. This includes but is not limited to observing all requirements related to fair and minimum wages including conditions of employment; not discriminating against any employee or persons, on account of race, color, sex, handicap, religious creed, ancestry, age, sexual orientation, or national origin; and remaining at all times in compliance with all executive orders issued, or that may be issued, by any level of governmental agency with regard to equality of opportunity including those dealing with affirmative action.
