5. Bylaw Voting. All future votes on bylaw amendments will be conducted electronically whenever feasible.

## ARTICLE IX **Removal of a Board Member**

An officer or member of the board may be removed from office for any of the following causes: 1) being absent at two consecutive board meetings; 2) deliberate proven malfeasance; 3) inability or unwillingness to conduct the work of the elected office or of the association; or 4) deliberate and detrimental violations of the constitution or bylaws of the association.

1. The membership may take action for removal of a board member by submitting a petition and a statement of facts signed by ten voting grade members to the board. Such petition will require the support of a majority vote of board members in order to initiate consideration of removal.

2. A petition to remove a board member or officer may be initiated by three board members all of whom have been elected by the membership. Such petition will require the support of a majority vote of board members in order to initiate consideration of removal.

3. The petition including the statement of facts must be submitted to the president (or if the president is the officer in question, to the executive vice president) in writing at least one month prior to the annual meeting or special meeting. The president (or executive vice president) will forward the petition to the board member who is being considered for removal. The board member being considered for removal will have the opportunity to respond to the accusations put forth in the petition to

remove. This response may occur in person or in writing based on the method by which the special meeting is convened (See subsection 4 below). Such response must be forwarded to the entire board prior to any further discussion or debate.

4. The board will discuss the petition at the annual meeting or special meeting in a closed board session. A special meeting where the sole item of business is to consider removal of an officer or board member may take place in person or electronic form via videoconference, on line conference, or on line forum. This meeting will be presided over by the president. However if the removal pertains to a president during the first year of their term, it will be presided over by the Executive Vice President. If the removal pertains to the president during the second year of their term, the meeting will be presided over by the president elect.

5. A vote of two-thirds of the board (elected by the membership) is required to remove an elected board member from office.

6. A one-year board member may be removed by a majority vote of the board.
