9 APPENDIX – TRIVIUM & THREEFOLD JUDGING SYSTEM CRITERIA

9.1 BENEFITS OF THREEFOLD AND TRIVIUM JUDGING SYSTEMS:

9.1.1 Fairness:

9.1.1.1 The judges need to be trusted and respected. They need to demonstrate as well as they can, that they are free from any bias, which comes in many forms. An awareness of biases enables one to reduce the possibility of misjudged incidents. It is hard to have faith in anyone you may think is incompetent or corrupt. There are a number of issues that need to be considered. Judging is a skill that needs to be developed and practiced. The ability to make knowledgeable assessments is not necessarily a natural one and must be refined and reinforced over many years.

9.1.2 Accountability:

9.1.2.1 In the case of a judge displaying bias or preference there needs to be a way of identifying and applying some sort of penalty. A system should allow decisions to be tracked and for any major deviations to be identified and questioned. The Chair of Adjudicators is assigned power to remove and replace any offending judge he suspects of contravening the code of conduct. It is an imperative that every judge should be fair and therefore also accountable for any of his or her decisions. This responsibility means that the best interest of the community should be pursued.

9.1.3 Consistency:

9.1.3.1 Until recently, judges were chosen based on name or reputation with no scrutiny or analysis in regard to their judging ability. As a result, no uniformity was present in judging. Even though producing judgments in any performance art or sport is always also a matter of subjective thought, there should still be some level or form of unity as to what is valued and to what those values should mean. Some agreed conventions need to be implemented or the value of judging will be unclear. This means that training in a consistent ‘base level’ of terms and perspective is necessary to establish an agreed upon and reproducible approach.

9.1.4 Transparency:

9.1.4.1 The system must be able to provide feedback for the participants and the audience. By means of a system we can express and evaluate the performance and thereby have the means to provide feedback. At the same time there is the opportunity to provide various levels of detail. This enables the performer and the audience to learn what values are rated and the reasons for those decisions. It also allows the judge to make meta observations, thereby facilitating the ability to self-analyze decisions. Transparency allows for the education of all involved.
9.1.5 Maturity:
9.1.5.1 As we move into the future there is a need for all the previous points to be reflected upon if we are to develop a mature system and scene. There should be attention paid to improving the entire process and providing training and support to those chosen to undertake the important duty of judging. As more statistics are collected, we can identify if there are any specific deficiencies in how judging is done and if any improvement can be made in the process. Over time perspectives change and this must also be reflected in any system.

9.2 HIERARCHY OF VALUES USED IN JUDGING SYSTEMS:

9.2.1 Body Domain:
9.2.1.1 Technique:
  9.2.1.1.1 Athleticism
  9.2.1.1.2 Body Control
  9.2.1.1.3 Dynamics
  9.2.1.1.4 Spatial Control
9.2.1.2 Variety:

10  APPENDIX – GUIDING PRINCIPLES

10.1  RULEBOOK GUIDING PRINCIPLES:

10.1.1 The rules contained in this rulebook are based on a series of fundamental guiding principles. Every effort has been made to ensure compliance with these principles in a coherent and uniform manner. Where specific guiding principles govern a section of the rules, these principles are articulated at the beginning of the section. The following are the guiding principles upon which the Breaking for Gold USA rules are based:

10.1.1.1 USA Dance is responsible for the proper regulation and policing of the sport of Breaking DanceSport in the United States.

10.1.1.2 The rules must be compatible with the requirements of the United States Olympic and Paralympic Committee’s Constitution, particularly with respect to the responsibilities of National Governing Bodies.

10.1.1.3 The Rules & Regulations will be of similar scope and quality as those governing other Olympic sports.

10.1.1.4 The rules will ensure fairness and a level playing field for Athletes to the most reasonable extent possible.

10.1.1.5 Uniform "Technical Rules of Competition" for all Athletes and competitions in the sport is highly desirable.

10.1.1.6 The Breaking for Gold USA Rules will provide uniform rules governing all Athletes at all competitions in the United States, regardless of the organizer (e.g.: Athletes from one part of the country will be able to go to any competition in any other part of the country and find the same competitive categories, criteria, standards, etc. as exist in their area).

10.1.1.7 The rights and responsibilities of Athletes will be articulately enumerated in order to avoid misunderstandings and conflicts.

10.1.1.8 The rules will be consistent, clear and articulate so that all individuals and organizations can have a common interpretation of the rules.

10.1.1.9 The rules governing Athlete activities and allowable scholarships, reimbursements, etc. will be uniform and without inconsistencies.

10.1.1.10 Commonly accepted fundamental principles of American society will also apply to Breaking DanceSport in the United States, i.e.:

10.1.1.10.1 Accused individuals are presumed innocent until proven guilty and are entitled to due process.

10.1.1.10.2 Individual freedoms and responsibilities are protected to the extent that they do not conflict with the applicable rules.

12 APPENDIX – USA DANCE ADJUDICATORS’ CODE OF ETHICS AND STANDARDS OF ETHICS

12.1 PREAMBLE:

12.1.1 This Code of Conduct and Standards of Ethics (“Code”) is intended to provide a framework of standards for conduct and ethics for adjudicators. It has been developed as an Operating Policy of USA Dance for all adjudicators to maintain the integrity, competence and effectiveness of judging panels as a whole.

12.1.2 The rules and standards set out in the Code are intended to assist adjudicators to establish appropriate standards of conduct in order that they have the confidence of their peers, the competitors they are judging, and USA Dance competitions utilizing their services.

12.1.3 It must be recognized that the Code cannot anticipate all possible situations in which adjudicators may be called upon to exercise their judgment. In all cases, it remains the ultimate responsibility of each individual adjudicator to consider the intent as well as the letter of the standards, which have been set, to conduct himself/herself in an ethical and professional manner, and to ensure all competitors are judged on their merits free from any bias or coercion.

12.1.4 Adherence to the standards reflected in the Code is essential to the success of USA Dance. All adjudicators must become familiar with the contents of this Operating Policy. USA Dance expects every adjudicator to take personal responsibility for complying with the Code and acting in a manner consistent with USA Dance values and principles.

12.1.5 The Code applies to all adjudicators and Chair of Adjudicators (here in after referred to collectively as “adjudicators”).

12.1.6 The Code may be amended from time to time by the USA Dance Board of Directors.

12.2 CONFLICT OF INTEREST:

12.2.1 A Conflict of Interest is any interest, relationship, association or activity that is incompatible with an adjudicator’s obligations to ensure that all competitors are judged on their merits, free from any bias or coercion.

12.2.2 Conflicts of Interest arise in particular when the personal interests of an adjudicator influence that adjudicator’s judgment or ability to act in the best interest of the competitors.

12.2.3 An adjudicator must adhere to the rules set out in this Code and will retire from the panel where any potential Conflict of Interest arises.

12.3 RULES FOR ADJUDICATORS:

12.3.1 An adjudicator must not judge in any event and must retire from the panel, if
s/he knows or believes that his/her physical or mental condition does not allow him/her to perform the job properly without any limitations.

12.3.2 An adjudicator must not judge any event, and must retire from the panel, where any person competing in that competition is a member of his/her immediate and extended family, including de facto relationships, or where s/he has a personal relationship to any competitor in the competition which makes it inappropriate for him/her to serve as an adjudicator. For greater clarity, the words “immediate and extended family” include anyone to whom that judge is related by blood or marriage, to the degree of first cousin or closer, or adoption order, or with whom the judge lives or cohabits.

12.3.3 An adjudicator must not accept money, awards, articles or things of substantial material value, or favors or promises of any future consideration, whether as gift or as payment for services, from any competitor or organizer, or from any other third party, who may be or may have been affected directly or indirectly by the adjudicator’s decision.

12.3.4 An adjudicator must not make any false representation in respect of his/her accreditation level or experience and in relation to his/her adjudicators’ license.

12.3.5 Once an adjudicator is engaged to officiate at a particular event s/he can only act as an adjudicator throughout the event and this Code applies to the event as a whole.

12.3.6 An adjudicator or chair of judges must not coach, teach, or give any advice to any participating athlete during a competition at which s/he is adjudicating. An adjudicator or chair of judges must not coach, teach or give any advice to any Athlete who is not his/her regular student (and has been a student during the prior three months) at any time during the two-week period prior to the start of that competition, if s/he has accepted an invitation to adjudicate at that competition.

12.3.7 An adjudicator must not threaten to mark an athlete in a particular way.

12.3.8 An adjudicator must not in any way threaten an athlete during the course of a competition s/he is judging and in which the athlete is competing.

12.3.9 An adjudicator must refrain from publicly taking any partisan position in respect to any athlete s/he may judge in any competition.

12.3.10 An adjudicator must not seek by any means to improperly influence, or to intimidate, another adjudicator.

12.3.11 An adjudicator who is not a member of the judging panel for an event, must not discuss with any adjudicator who is a member of the judging panel for that event the merits of the performance of a competitor in that event or any previous performances or results, before the completion of the event.

12.3.12 An adjudicator must not discuss the merits of a competitor’s performance with the competitor before the end of the event in which s/he is judging.

12.3.13 An adjudicator must not seek to influence the outcome of a competition other than by marking all athletes in the competition on their merits.

12.3.14 An adjudicator, when contracted to judge a USA Dance competition, has to judge strictly according to USA Dance rules and policies.

12.3.15 An adjudicator must not engage in any conduct that is intended to gain an advantage for any competitor.

12.3.16 An adjudicator must not falsely claim to officially represent USA Dance in any capacity.
12.3.17 If an adjudicator converses with fellow adjudicators, spectators, competitors or coaches during an event, s/he may not discuss the performance of any athlete s/he is judging or any of their previous performances or results, until after the end of the event.

12.3.18 An adjudicator may not use mobile telephones or portable digital-information devices of any kind on or near to the competition floor during judging. With regard to any questions arising from this policy, the Chair of Adjudicators decision will be final.

12.4 GENERAL BEHAVIOR OF ADJUDICATORS:

12.4.1 Adjudicators must comply with the following rules of conduct, so as to uphold the highest standards of behavior:

12.4.1.1 An adjudicator’s behavior both on and off the dance floor must be consistent with the principles of good sportsmanship. An adjudicator must not behave in a questionable or unseemly manner in public or at any DanceSport related function or occasion where members of the public (including competitors, spectators and the media) are present in any capacity.

12.4.1.2 An adjudicator must be consistent, objective and neutral in his/her decisions. Biased judging undermines the whole basis of competition.

12.4.1.3 Where an adjudicator is permitted by this Code to judge the athletes s/he coaches or has coached in the past, the adjudicator must not allow this relationship to influence his/her judgment.

12.4.1.4 An adjudicator must maintain and develop his/her judging skills by keeping himself/herself informed on developments in technique and style, and any changes in USA Dance rules and policies on judging.

12.4.1.5 Where judging responsibilities have been assigned to an adjudicator for a competition, regardless of the status of that competition, the adjudicator must not consume any alcoholic beverage or recreational drugs before and during any period of the competition events, until the end of all events each competition day.

12.4.1.6 An adjudicator must not otherwise act in any way that may bring the image of USA Dance or DanceSport into disrepute. It is a basic requirement that any adjudicator engaged to judge at a competition must:

12.4.1.6.1 Arrive on time at the venue in reasonable physical and mental condition.

12.4.1.6.2 Report his/her presence to the organizer and Chair of Adjudicators.

12.4.1.6.3 Ascertain the timetable of the competitions.

12.4.1.6.4 Be available to perform the duties of an adjudicator as scheduled.

12.4.1.6.5 Behave in such a way during the competition as to preserve the good reputation of DanceSport and USA Dance. During the course of a competition, the adjudicators on the judging
panel must:

12.4.1.6.5.1 Judge independently and not compare notes with the other adjudicators.

12.4.1.6.5.2 If applicable, mark and sign their paper score cards in ink, including their adjudicator code letter and initial each and every alteration s/he makes to the score card.

12.4.1.6.5.3 Not make any attempt to become familiar with the names and nationalities of the participants, by using the official competition program or with any intermediate results or marks of other adjudicators of the competition before the end of the competition.

12.4.1.6.5.4 Follow all instructions given by the Chair.

12.4.1.6.5.5 Concentrate on judging only and not have any communication with the audience, fellow adjudicators or athletes and not do anything that might distract him/her, including the use of any electronic device, except for scoring the competition.

12.5 COMPLAINTS ABOUT ADJUDICATORS DURING A COMPETITION:

12.5.1 During a competition the Chair of Adjudicators nominated or confirmed by USA Dance is authorized and obliged to observe the compliance of all adjudicators with the Code, whether they be engaged in the competition or not.

12.5.2 Any complaints regarding the breach of Code during the competition must be made to the Chair of Adjudicators. Anyone may make such a complaint to the Chair of Adjudicators when an official representative of USA Dance is unable or unwilling to do so.

12.5.3 If the Chair of Adjudicators has reason to believe that there has been a breach of the Code by an adjudicator on the panel of which s/he is Chair of Adjudicators, then s/he is empowered and obliged to notify such adjudicator of the complaint against him/her, hear him/her in reply, and then take appropriate action immediately according to the terms of the Code.

12.5.4 The Chair of Adjudicators will have the power to reprimand or replace the adjudicator by an appropriate substitute for the remainder of the competition.

12.5.5 The Chair of Adjudicators will document any incident or observation of alleged or suspected misconduct by an adjudicator, and any reprimand or replacement of an adjudicator, in the competition special report concerning to adjudicator behavior filed with the Breaking DanceSport Vice President and Senior Vice President. The Breaking DanceSport Vice President and Senior Vice President will decide whether there is the need to initiate a further investigation. The Breaking DanceSport Vice President and Senior Vice President will refer each such case to the USA Dance Executive Committee, with recommendations for consideration.

12.6 OTHER COMPLAINTS ABOUT ADJUDICATORS:
12.6.1 Any other complaints about an alleged breach of the Code must be submitted by a USA Dance Official or another person in writing (by mail or email) to the Breaking DanceSport Vice President. A complaint about the Breaking DanceSport Vice President and the same process will be followed.

12.6.2 A complaint will not be considered unless the following criteria are met:

12.6.2.2 The complainant must specify the full name, address and contact details of the complaining person or persons and must agree in writing to give evidence of the complaint to be cross examined on that evidence. If a complaint meets these criteria, the Breaking DanceSport Vice President will forward the complaint to the USA Dance Executive Committee for further consideration. If these criteria are not met, the Breaking DanceSport Vice President will write to the complainant immediately advising that s/he has failed to meet these criteria and inviting a revised complaint that meets these criteria.

12.6.2.3 Nothing in this rule shall prevent either the Breaking DanceSport Vice President or the Senior Vice President from initiating an investigation at any time either believes there has been a breach of this Code or any rule or policy of the USA Dance and referring it to the USA Dance Executive Committee for consideration.

12.6.2.4 The USA Dance Executive Committee will consider any complaint made under this section. Decisions made by the Executive Committee may be appealed within 10 days of notification of EC findings. Suspensions or other rulings issued by the EC will become effective immediately and remain in effect unless overturned upon review by the Board of Directors.

12.7 DISCIPLINARY ACTIONS AGAINST ADJUDICATORS:

12.7.1 If an adjudicator a) blatantly abuses the Code, or otherwise commits gross misconduct; b) willfully infringes any of these rules; or c) is found to have engaged in any conduct which is contrary to the interests of USA Dance; then the USA Dance Executive Committee will have the power to suspend the adjudicator from judging in USA Dance sanctioned competitions for a period of up to one year.
