### **Public education program's Qualifying Criteria**

Nominations will be considered by the Recycling Committee based upon responses to the following questions. Nominations should include specific examples of how the public education program has resulted in more effective and efficient performance.

- Section A: Provide history and background of the Public education program including:
  - why the program was necessary,
  - target audience,
  - outreach efforts,
  - costs, and
  - measurable results.
- Section B: Discuss any awards, honors or recognition already received by the Public education program.
- Section C: Additional information – Include any information relevant to the Public education program not included above.
- Section D: Upload samples of educational materials.
- Section E: Upload at least one color photograph that best represents the Public education program.
- Section F: Upload letters of recommendation, videos, brochures, articles or other material related to the project (optional).
