Frances Shit

RN MN PhD

Ms Shit graduated from the Nursing School of Prince of Wales Hospital, Hong Kong in 1989. She obtained a Bachelor in nursing from the Chinese University of Hong Kong in 1994 and a Master degree in Health Care Science (Nursing) from the Hong Kong Polytechnic University in 2001. In 1995, she completed the Enterostomal Therapy Nurse Education Program (ETNEP) in the Princess Margaret Hospital in Hong Kong. She also finished the Wound Care Specialty Course in the Medical University of South Carolina, U.S.A. in 1998.

Apart from the above academic qualifications, Ms Shit had clinical attachments in different countries. In 1996, she has visited the Schneider Children Hospital, New York for studying the bowel management program for children. In the same year, she has attended the Paediatric Urology Nursing Course in Robinson College, Cambridge, UK. In 1998, she has attended the Course on Neurogenic Bladder in Copenhagen, Denmark and finished the Paediatric Urodynamic study training in the University Hospital of Aarhus, Denmark. She had exposure to different practices in paediatric urotherapy and biofeedback training during the clinical attachment in University Hospital of Aarhus, Denmark; Universitair Medisch Centrum of Utrecht, The Netherlands; University Hospital of Ghent, Belgium and Queen Silvia Children's Hospital of Goteborg University, Sweden in 2001. In 2005, she has finished the Paediatric Urodynamics Course in Utrecht, The Netherlands organized by the International Children Continence Society. In 2012, Ms. Shit has Enterostomal Therapy service visit in Royal Adelaide Hospital, Australia. Besides, she has Baby Friendly Hospital visit in Singapore General Hospital in 2015 and completed the Oversea Corporate Scholarship Program for Clinical Leaders in The Hospital of Sick Children, Canada in 2018.

In the clinical area, Ms. Shit was a Nurse Specialist (1997-2017) in stomal care, wound care and children incontinence care in Department of Surgery, Prince of Wales Hospital, Shatin, Hong Kong since 1997 and she was a ward manager (2017-2020) in Department of Surgery, PWH. Apart from managerial duty, she has initiated and participated in different nursing and clinical research. She also organized different nurse-led clinics in the hospital such as the Paediatric Incontinence and Stomal Therapy Clinic, Adult Stomal Therapy Clinic and the Paediatric Urotherapy Clinic etc. She is a member of the Hong Kong Enterostomal Therapist Association (HKETA) and professional advisor of the Hong Kong Childhood Spina Bifida Support Group from 1997. Ms. Shit is now Nurse Consultant (Stoma & Wound Care) in NTEC, HK. Apart from managing stoma and wound care services in all 7 hospitals in NTEC, she supervised clinical practices and research in the specialty. She is the chairperson of

PWH Wound Management and Pressure Injury Prevention Workgroup and representative of the ET Specialty Advisory Group of the Hospital Authority

Carmen George

RN STN Grad Dip Adult Education, Australia

Carmen George is a stomal therapy nurse usually living and working in Australia. She has been a committed member of the WCET® for many years and has served as both chairperson of the Education committee and chairperson of the Norma N Gill® Foundation.

Stomal therapy nursing has been her passion and she has been fortunate to have been involved in both the development and delivery of stoma wound and continence education programs in Australia, Indonesia, Iran and Kenya.

Currently Carmen is retired from full time nursing but using the opportunity of retirement to offer her experience knowledge and skills to take up temporary positions to enable other stomal therapy nurses to take well deserved leave.
