The Honorable Nancy Pelosi  
Speaker  
U.S. House of Representatives  
Washington, DC 20515

Dear Speaker Pelosi:

Thank you for your kind attention and dialogue with Alan Lazowski from LAZ Parking, the Immediate Past Chairman of the Board of the National Parking Association.

Given the parking industry's extremely logical nexus with lodging and restaurant industry (industries already included in title I, small business provisions of CARES Act given the inclusion of NAICS 72) we think it is reasonable to include the NAICS code for parking (812930).

This could be accomplished by simply adding in the following places to help save the parking industry's more than 581k employees working at locations for us that have not more than 500 employees.

**Pg. 14, line 19, following "beginning with 72" insert:**

**"Or with a North American Industry Classification code of 812930"**

**On pg. 15, line 18, strike the period at end of Clause III add "and" and insert the following new clause:**

**"Any business concern with not more than 500 employees per physical location that, as of the date on which the covered loan is disbursed, is assigned a North American Industry Classification System code of 812930".**

Sincerely,

A handwritten signature in black ink, appearing to read "Christine Banning".

President, National Parking Association
