

Megan Rossi

Assurance Senior Manager - PwC

Megan is an assurance senior manager at PwC with 10 years of experience in the products and services sector, serving multinational clients in a variety of industries, including industrial products and retail and consumer.

Megan has a strong knowledge of US Generally Accepted Accounting Principles (GAAP), AICPA and Public Company Accounting Oversight Board (PCAOB) audits and Securities and Exchange Commission (SEC) reporting and has experience in working with clients to address changes in accounting standards and other complex US GAAP and SEC reporting challenges. Megan has advised clients on technical matters, including complex revenue recognition accounting, Sarbanes-Oxley implementation, and mergers and acquisition accounting. Megan also serves as the market team transformation leader for the North Texas Products and Services team, driving transformational change and performance improvement as well as providing front-line, day-to-day support for engagement teams.

Megan holds a B.S. in Accounting and Finance from Indiana University in Bloomington. Certified Public Accountant, Texas; Member American Institute of Certified Public Accountants (AICPA); and Texas Society of Certified Public Accountants (CPAs)
