

Wildlife Disease Association
COLORADO STATE UNIVERSITY STUDENT CHAPTER

Colorado State University's Wildlife Disease Association Attendance Policy

If you can no longer attend a WDA event for which you have RSVP'ed, we require 48 hours notice of cancellation via email for lunch lectures and 72 hours of notice for wet labs and volunteer events. If you RSVP for a WDA event and cancel without sufficient notice, and this occurs for two separate events, you will no longer be permitted to participate in future WDA wet labs or allowed to partake in food associated with future events. You may still attend lectures, but will not be allowed to partake in food.

Please contact us with any extenuating circumstances that may have prevented you from notifying us and your case will be considered at the discretion of our officers. Please note, our reason for installing this policy is that last minute cancellations are not only difficult for our budget but also display a lack of professionalism to those we invite to speak or work with in our community.

We aim to uphold high standards of respect and professionalism as members of the CSU community and as affiliates of the Wildlife Disease Association.

If you have any questions or comments, please reach out to csuwda@gmail.com
