A Tribe For Your Cybersecurity Journey

STARTERS

Just getting started or considering a career in cybersecurity? Starters:

- Have difficulty finding affordable training and certification.
- May be overwhelmed
- Want to meet peers
- Lack of acknowledgment
- Seek help finding career paths
- Want to try new things

Cyberjutsu can help get your career off the ground with:

- Training resources
- Mentorship
- Networking
- Virtual and live events
- Job hunting and internship resources
- Personal branding
- Creating a career roadmap

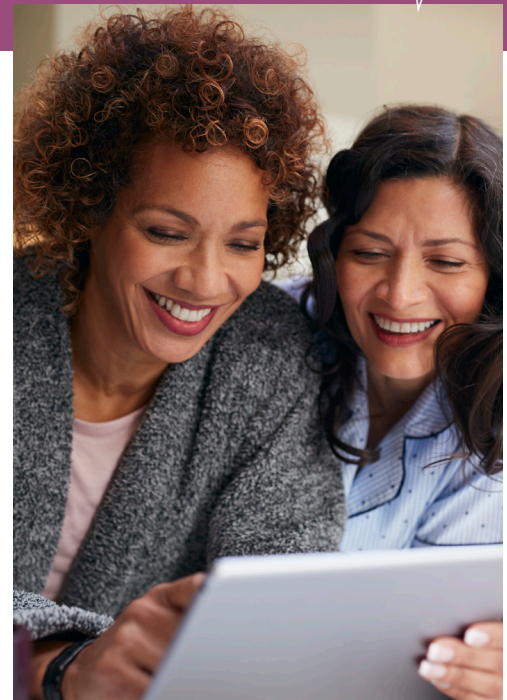

RISERS

Do you want to learn new skills and advance your career? Risers:

- Can lack encouragement/confidence
- Often have limited time
- Want affordable training
- Want to explore or refine their career path
- Want to expand their peer network
- Lack of acknowledgment

Cyberjutsu can help you advance your career with:

- Leadership, mentorship and coaching resources
- Networking and events
- Getting to the next step
- Personal branding
- Speaking and blogging

ESTABLISHED

As an established cybersecurity expert, do you want to share your vision and make a difference? If you:

- Want to be a mentor
- Want to be a role model for younger women
- Are looking for new experiences
- Want to get value from your network

Cyberjutsu can help you put your experience and expertise to work:

- Executive coaching and leadership roles
- Mentoring women entering the field or wanting to advance their career
- Advancing diversity in the field
- Giving back
- Networking and events

No matter where you are in your journey, Women's Society of Cyberjutsu has the resources, events, and platform to help you reach your goals and more.
