### WHY JOIN AEA?

AEA's goals are to further the knowledge and professionalism of the settlement professional through education and to educate decision makers in the federal government on issues of consequence to the settlement industry.

AEA monitors and reports legislative and regulatory matters to our membership. We meet with the leadership of related industry trade associations to address issues that affect the entire settlement industry. Another objective of AEA is exploring opportunities for exchange of information and education forums, in addition to AEA's Annual Education Conference held in May of each year. One such opportunity resulted in the formation of, Property Records Education Partners (PREP), by AEA, ALTA, NACRC and IACREOT.
