Student Data Privacy

SDPC Overview

CoSN 2017 Annual Conference
SDPC Goals

Establish a community of stakeholders who have various needs addressed through policy, technology and/or effective practice sharing around effective privacy management,

Identify projects that have on-the-ground and real-world impact on student data privacy enabling schools, districts, state and vendors find resources, adapt them to their unique context and implement needed protections,

Development of tools and resources to address operational issues not currently being addressed,

Leverage partnership organizations working in the privacy space to have their good work utilized and no reinvention of existing work,

Development of a clearinghouse of student data privacy operational issues and resources to support schools, districts, states and vendors in managing those issues – no matter where the resources originate.
The Governance leadership serves the SDPC leadership in various functions including:

**Meeting Delivery** (scheduling, note taking, document (physical and digital) generation, etc.)

**Finance and Outreach Support** (invoicing, marketing, finance reporting, outreach, etc.)

**Project Support** (management, maintenance, expansion, curating of the resources, tools, etc.)
“Big Picture” Strategy

- Triangulated Community Model
- Core product = Standardized contracts based on jurisdiction (build upon MSPA model)
- Additional projects
The first project of the group was to leverage the great work done by the Massachusetts Student Privacy Alliance (MSPA) and their work around a "common contract" for usage across 60 districts. This project looks to exponentially leverage and expand upon this work.

**Track 1: No Contract**
For schools, districts or regional organizations / associations or state agencies that do not yet have a model/template contract designed specifically for their jurisdiction.

**Track 2: Have Contract**
For schools, districts or regional organizations / associations or state agencies that do have a model/template contract designed specifically for their jurisdiction and are ready to create a jurisdictional specific alliance for the purpose of utilizing shared model contracts.

**Track 3: Vendors**
For Vendors
