

SIF CERTIFICATION PROGRAM

SIF CERTIFICATION - ADDING A PROFILE TO AN EXISTING PRODUCT CHECKLIST

Product Name: _____

Profiles are added to a certified product and are renewed concurrently with the products certification to a SIF Implementation Specification. Since profiles have additional specific requirements, a separate CSQ is required when added a profile to your product.

Go to the [SIF Certification](#) page, click on 'Certification Programs & Test Suites' from the drop down menu at the top of the webpage, then select the relevant Test Suite.

Description	Due Date	By Whom	Completed Date
Complete CSQ			
Complete Test Harness			
Submit completed CSQ and Test Harness results (will be sent automatically on completion of Test Suite if selected)			
Go to the Online payment page and submit your payment. You will receive an email confirmation once payment has been processed.			
Send Payment confirmation email, including details of your product as requested, to Penny Murray .			

Please note: You will be required to login to the A4L website to complete your online payment. Members should refer to the [Getting Started](#) guide to obtain/reset their login credentials.
