There is no substitute for the personal and professional interaction that takes place at the AAACE conference. It is like a week-long graduate course in adult education including precisely the specialization of your choice”.

Bertie Wood, Adult Basic Education Resource Teacher, Torrance Unified School District, Torrance, California
The AAACE Annual Conference brings you some of the leading nationally known speakers in the country today. Here are just a few of the dynamic individuals you'll hear from:

**Bernard Gifford**
First Vice-President of Education, Apple Computer, Inc.
Serving as first vice president of education since 1988, Bernie Gifford is responsible for all of Apple’s marketing activities directed at education, from elementary through higher education, as well as adult literacy, special education, and rehabilitation. Dr. Gifford has extensive experience in education, science and technology; a unique blend that allows him to bridge the education and technology communities. Gifford was formerly the dean of the Graduate School of Education at the University of California, Berkeley, and spent several years as deputy chancellor and chief business affairs officer for the New York City Public Schools. Dr. Gifford will keynote the conference with an address on the impact of technology on learning.

**John Wherry**
Executive Director, National School Public Relations Association
John Wherry has served at NSPRA since 1976, where his goal as executive director has been to advance the cause of education through responsible public relations, information, and communication processes. Wherry is a popular speaker, consultant and author on school public relations, communications, education issues, and educational technology. In 1981, Wherry initiated Ed-Line, the first electronic news and information service in education providing instant daily news and other information for school leaders. In 1987, he initiated the popular newsletter Better Teaching, providing tips and techniques for improving student learning. Dr. Wherry’s presentation is entitled “Doing A Great Job Is Not Enough” and will focus on techniques for marketing our services and managing the problems of competition, credibility, client recruitment, and adequate resources.

**D. Kay Wright**
Deputy Assistant Secretary for Vocational and Adult Education, U.S. Department of Education

Getting in touch with ourselves, Gilbert believes, can uncover that incredible potential. Gilbert will give a motivational and inspirational presentation.

**Victor Herbert**
Executive Director, Division of High Schools, New York Public Schools

**Paulo Freire** (Invited)

**Special Guest Speaker**

**Honorable Shirley Chisholm**
Professor, Former New York Congresswoman, Fighter for Racial Equality

In 1968, Shirley Chisholm became the first black woman to be elected to the Congress of the United States. She won this unique designation the hard way—against the odds of her race and sex. In 1972, Congresswoman Chisholm made history by seriously campaigning for the Democratic Party’s nomination for President; the first Black woman to seek the nation’s highest office. Although she was not successful, her name, her ideals, and her commitment became embedded in America’s consciousness. In 1982, Chisholm announced that she would not seek reelection. She cited her longstanding intention never to remain in politics throughout her productive and creative life. By writing, teaching, lecturing and traveling around the nation, Mrs. Chisholm hopes to create a national state of mind that demands peace, prosperity, and equality for all Americans. Mrs. Chisholm will be our special guest speaker at the Unity Luncheon on Teacher’s Day.
