

In 1991 Betsy attended the Jacksonville Stenotype Institute in Jacksonville, Florida where she learned the skill sets for court reporting and LOTS of theory! Coming from the medical transcription industry, she acquired many unique honors during her years of service; a few of which are Distinguished Service Award, Advocate of the Year, and Technology Award. Having attended many diverse national conventions while serving on multiple Boards and committees, she has developed a broad spectrum of leadership roles bringing to the table organizational structure and flow of processes. She is a current member of the Better Business Bureau and the Cambridge Worldwide Who's Who. Betsy complements AAERT with her experience of leadership skills and dependable level of service. She deems it a privilege to serve on the AAERT Board as Chair of the Education Committee, Chair of the Educators Alliance, Director, Treasurer 2018-2019, and currently Vice President. She appreciates leadership with her 45+ years involvement of the medical transcription industry as well as the legal community.
