

## Can I submit a presentation proposal that has more than one presenter?

Yes! When you get to the review page at the end of the presentation proposal form, click on the Add an Additional Presenter icon (circled in red below). It will take you to a form to enter the additional presenter's information. Don't worry! This will connect to the presentation proposal you have already completed. Repeat this for as many presenters you would like to add. When you have added all your presenters, click the blue Submit button on the bottom of the review page.

Review Information

- Please review the proposal information and presenter information below by clicking the Image in the left column.
- Add an additional presenter by clicking the **Add an Additional Presenter** button in the right column. This will take you to a new presenter form to complete.
- Click the **Submit** button to finalize your proposal. You will **NOT** be able to edit your information after you click Submit. If you do not click Submit, you will lose the information you entered.

Back

Submit

**I'm submitting the presentation proposal but I'm not a presenter.**

At the start of the presentation proposal form, select that you are the Non-Presenter/Contact Person (screenshot below). Fill out the rest of the form with your information (for the Presenter Bio information, you can simply put N/A and for the Speaker Headshot Upload you can upload your own photo, not the speaker's). At the end of the form, you will have the option to add the speakers (see the instructions above).

A screenshot of a web form. On the left, there is a vertical blue bar. To its right, there are two radio button options. The first option, 'Non-Presenter/Contact Person', has a filled-in grey radio button. The second option, 'Presenter', has an empty grey radio button. Below these options is a thick, solid blue horizontal bar.

**Can I submit more than one presentation proposal?**

Yes! Each presenter can submit up to five (5) presentations.
