Notes to Financial Statements
December 31, 2022

Note 1 – Nature of Activities and Significant Accounting Policies

This summary of significant accounting policies of the American Association of Teachers of Spanish and Portuguese, Inc. (the Association) is presented to assist in understanding the Association’s financial statements. The financial statements and notes are representations of the Association’s management, which is responsible for their integrity and objectivity.

Organization – The Association is a non-profit membership organization incorporated in 1967 to promote, develop and advance, through research, discussion, exchange of information and activities, the study and teaching of Hispanic, Luso-Brazilian and related languages, literature and cultures in the United States and in other countries. The Association includes all general operations of the national office and coordinates two other programs, National Spanish Exam (NSE) and Sociedad Honoraria Hispánica (SHH). The Association’s primary source of revenue consists of dues and conference registration fees.

The NSE creates and administers online, standardized examinations for students enrolled in Spanish courses in grades 6-12. The sale of examinations is its primary source of revenue.

The purpose of the SHH is to recognize high achievement in Spanish and Portuguese by students of secondary schools and to promote continuity of interest in Hispanic and Luso-Brazilian studies. The society is classified as a national and international academic honor society in the study of high school Spanish and Portuguese. The society also supports the Sociedad Hispánica de Amistad, which is an activities based organization for students in elementary and middle schools. Student memberships constitute the major sources of revenue for SHH.

Basis of Accounting – The financial statements are prepared using the modified cash basis of accounting; consequently, contributions and other revenues are recognized when received rather than when promised or earned, and certain expenses and purchases of assets are recognized when cash is disbursed rather than when the obligation is incurred. Investments are stated at fair market value.

Cash Equivalents – Cash and cash equivalents includes cash on hand, demand deposits in banks, and short-term investments that are readily convertible to cash, as well as investments with original maturities of three months or less.

 Marketable Securities – Marketable securities are recorded at fair market value.

Advertising – Advertising costs are expensed when incurred. Advertising costs for the year ending December 31, 2022 were $6,143.

Property and Equipment – The Association records property and equipment at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the assets. Maintenance and repairs are expensed as incurred. Depreciation for the year ending December 31, 2022 was $7,123.

Income Taxes (ASC 740) – The Association is a nonprofit organization exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. However, income from certain activities not directly related to the Association’s tax-exempt purpose are subject to taxation as unrelated business income, reported on Form 990-T. There was no cash paid for income taxes for the year ended December 31, 2022.
Income Taxes (ASC 740) (Continued) – The Association currently evaluates all tax positions, makes a determination regarding their likelihood of being upheld under review, and recognizes the resulting tax benefits as they are filed on the income tax return. The Association believes all of its tax positions are more likely than not to be upheld upon examination. Consequently, there is no unrecognized tax benefit or liability or related accrual of interest and penalties. The Association files income tax returns in the U.S. federal jurisdiction. The federal income tax returns subsequent to 2019 remain subject to examination. No open income tax returns are currently under examination.

Estimates – Management uses estimates and assumptions in preparing financial statements that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events – Management has evaluated events and transactions for potential recognition or disclosure through the date of the accountant’s report which was the date that the financial statements were available to be issued.

Note 2 – Local Chapter Activities

The Association has chartered over 70 local chapters throughout the United States and Canada. The activity of these local chapters has been reported in the financial statements, including chapter revenues, expenses, and assets.
