

AVIAN, REPTILE, & RABBIT ENDOSCOPY

DECEMBER 1-3, 2017
UGA COLLEGE OF
VETERINARY MEDICINE

COURSE: You are invited to attend one of the internationally acclaimed endoscopy training programs from the University of Georgia. This continuing education course is designed to teach the theory and practical applications of diagnostic endoscopy in birds, reptiles, and rabbits. Whether you are a private practitioner, zoo/aquarium/wildlife veterinarian, or researcher, this course will train you to perform minimally-invasive endoscopic procedures including biopsy techniques.

This year, we will offer 2 registration options: (1) Avian & Reptile Endoscopy: Friday & Saturday (2) Avian, Reptile, and Rabbit Endoscopy: Friday, Saturday, and Sunday.

A basic and fundamental knowledge of avian and reptilian anatomy is required for this course. You will be trained with lectures, video presentations, and wet labs.

Instructors:

Stephen Divers, BVetMed, DZooMed, DACZM, DECZM(herp), FRCVS
Joerg Mayer, DVM, MS, DABVP (ECM), DECZM (Small mammal), DACZM

Friday, December 1, 2017 Location: Veterinary Medical Center, Executive Boardroom

8:00-8:30	Registration Check-in & Continental Breakfast
