SAR 2020 ANNUAL SCIENTIFIC MEETING AND EDUCATIONAL COURSE

PRESENTED BY

Nationally and Internationally Recognized Abdominal and Pelvic Imaging Experts
Practical Material Concerning Issues in Abdominal and Pelvic Imaging
180 Workshops Covering a Broad Range of Abdominal and Pelvic Imaging Topics
Five Self-Assessment Modules
Up to 51.75 AMA PRA Category 1 Credits™

MARCH 1-6, 2020
GRAND WAILEA MAUI • WAILEA, HAWAII

Visit www.abdominalradiology.org for additional information
SPECIAL ACKNOWLEDGEMENTS

SAR GOLD MEDALISTS

Deborah A. Baumgarten, MD, MPH, FACR, FSAR  
James H. Ellis, MD, FSAR  
Raymond B. Dyer, MD, FSAR  
C. Daniel Johnson, MD, MMM, FACR, FSAR

OFFICERS 2019-2020

PRESIDENT
Jonathan B. Kruskal, MD, PhD, FSAR

DIRECTOR OF SCIENCE
Amy K. Hara, MD, FSAR

DIRECTOR OF EDUCATION
Joel G. Fletcher, MD, FSAR

PAST PRESIDENT
Bernard F. King, Jr., MD, FACR, FSAR

PRESIDENT-ELECT
Desiree E. Morgan, MD, FSAR

DIRECTOR OF FINANCE AND INTERNAL AFFAIRS
SECRETARY
Cheri L. Canon, MD, FSAR

HANDS-ON WORKSHOP DIRECTORS

CT COLONOGRAPHY
Judy Yee, MD, FACR

PROSTATE MRI
Antonio Westphalen, MD

PELVIC FLOOR IMAGING
Victoria Chernyak, MD

PELVIC FLOOR IMAGING
Roopa Ram, MD

LI-RADS
Khaled Elsayes, MD  
Ania Kielar, MD

DUAL ENERGY CT
Benjamin Yeh, MD

RENAL MASS IMAGING
Matthew Davenport, MD  
Stuart Silverman, MD

RECTAL CANCER
Mukesh Haringhani, MD  
Marc Gollub, MD
Dear Colleagues,

It is with pleasure that I invite you to attend the SAR 2020 Annual Meeting which will be at the magnificent Grand Wailea Resort on March 1-6 on the island of Maui, Hawaii. We will be offering an especially exciting program, with sessions on emerging technologies and Hands-on Workshops that focus on your toughest clinical challenges.

The SAR Program Committees have finalized the scientific and educational content for the 2020 Hawaii meeting where we will be offering 180 didactic workshops, 7 hands-on sessions, and 5 SAM sessions to run in conjunction with a superb and innovative plenary program organized by Dr. Desiree Morgan. We are even offering an Abdominal Escape Room for you to test your Abdominal Radiology knowledge!

On behalf of our outstanding Board members, please know how much we value your membership and participation in the SAR annual meeting, and we all look forward to seeing you in Maui this March.

With Appreciation

Jonathan B. Kruskal, MD, PhD, FSAR, FACR
Melvin E. Clouse Professor of Radiology at Harvard Medical School
Chairman, Department of Radiology, Beth Israel Deaconess Medical Center

THE SAR FUND

The SAR Fund supports the advancement of abdominal radiology research, education and practice. Your generous contribution will enable the SAR to invest in research and education to improve patient care and advance our subspecialty. Your individual gift is very valuable and will strengthen the Society and help assure the future of abdominal radiology. Donations to The SAR Fund may be made in honor of or in memory of a specific individual. We invite you to join your colleagues in making a tax-deductible donation to The SAR Fund today. Each year we recognize all donors on the SAR website and at the Annual Meeting. You will have the opportunity to make a contribution during the online registration process. You can also visit the Society website to make a donation and find additional information about The SAR Fund.

This year, The SAR Fund will be used to support up to six $1,000 Travel Scholarships for Trainees. These merit-based scholarships will be provided for oral presentation of a scientific abstract at the Annual Meeting. All abstract submitters have the opportunity to indicate interest in being considered for a scholarship during the initial abstract submission process.
NOT A MEMBER? DON’T DELAY – JOIN TODAY!
Among the members and fellows are world-recognized thought leaders in the field who are at the forefront of research and education in Abdominal Radiology.

BY BECOMING A MEMBER OF THE SAR, YOU ARE ELIGIBLE TO RECEIVE THE FOLLOWING BENEFITS:

• Discounted registration fee to the Society’s Annual Scientific Meeting and Educational Course*
• Online subscription to Abdominal Radiology, the official journal of the Society
• Access to the online searchable member directory, connecting you to over 1,450 radiologists
• Awards and funding for research projects
• Participation in committees and special programs

*In order to receive the discounted member rate for the meeting, a completed application for membership must be received by Friday, January 10, 2020 at 5 PM CST.

www.abdominalradiology.org
TO APPLY ONLINE TODAY!
AT A GLANCE

PLENARY PROGRAM HIGHLIGHTS
• Artificial Intelligence and the first ever SAR Tank Competition
• Abdominal Interventional Pearls
• PETMRI- Ready for Prime Time
• Challenging Cases from Multi-Institutional Peer Learning
• Path of the Patient with Rectal Cancer
• Advanced US versus MRI - Get Ready to Rumble!
• Fast MRI for your Practice
• Best of Leadership
• Gut Check

SPECIAL GUEST LECTURERS

SAR CANNON LECTURER
Fred T. Lee, Jr., MD
Madison, Wisconsin

SAR NEW HORIZONS LECTURER
Muneeb Ahmed, MD, FSIR
Boston, Massachusetts

ASAR LECTURER
Prof. Myeong-Jin Kim, MD, PhD
Seoul, Republic of Korea

ESGAR LECTURER
Christoph Zech, MD
Basel, Switzerland

ESUR LECTURER
Evis Sala, MD, PhD, FRCR
Cambridge, United Kingdom

DIDACTIC WORKSHOP PROGRAM HIGHLIGHTS
• Five Self-Assessment Modules Approved for SAM Credit
• 180 Workshops Covering a Broad Range of Practice Management, and Abdominal and Pelvic Imaging Topics
• Special Highlighted Workshop Tracks including: LI-RADS, CT Colonography, Dual Energy CT, Leadership and Business, Pelvic Floor Imaging, Prostate MRI, Rectal Cancer MRI, Renal Mass Imaging and Ultrasound

HANDS-ON WORKSHOP PROGRAM HIGHLIGHTS
Seven Hands-on Workshop Topics:
• CT Colonography Hands-On Workshop
• Prostate MRI Hands-on Workshop
• Pelvic Floor Imaging Hands-on Workshop
• LI-RADS Cases for the Experts Hands-on Workshop
• Dual Energy CT Hands-on Workshop
• Advanced Renal Mass Imaging Hands-on Workshop
• Rectal Cancer MRI Hands-on Workshop

All Hands-on Workshops Feature: State-of-the-Art Lectures and Hands-on Case Review; Independent and Expert Guided Review of Cases for Optimal Learning; and Practical and Open Discussions among Participants and Experts
PROGRAM INFORMATION

COURSE DESCRIPTION AND OBJECTIVES
The SAR 2020 Annual Scientific Meeting and Educational Course represents the Society’s major educational endeavor, which brings together outstanding educators for a program highlighting:

- Use of new and emerging technologies in the imaging diagnosis of abdominal and pelvic pathology
- Problem solving for common issues in abdominal and pelvic imaging with practical solutions
- Extensive small group workshop presentations allowing registrants to individualize educational content

The course format utilizes didactic lectures, general interest presentations, panel discussions, technical displays and interactive workshops in a mix that optimizes the educational opportunities for registrants. The Scientific Paper Sessions will be open to all Society members. Numerous educational and scientific posters spanning all aspects of abdominal imaging will be available to all course participants for study throughout the meeting. Designed primarily for radiologists in practice and in training, this course will also benefit all physicians who care for patients with gastrointestinal and genitourinary diseases.

At the conclusion of the course, registrants should be able to:

1. Apply the most up-to-date and practical information for imaging diagnosis and intervention in common abdominal and pelvic problems
2. Appropriately implement new and emerging techniques in abdominal CT, MR, US and PET
3. Successfully manage common problems encountered in performing everyday abdominal examinations, including performing biopsies and interventional procedures
4. Identify the newest topics and results in clinical research in abdominal radiology, including the emerging field of artificial intelligence and its applications in abdominal radiology

CONTINUING MEDICAL EDUCATION
The Society of Abdominal Radiology is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The Society of Abdominal Radiology designates this live educational activity for a maximum of 51.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The breakdown of AMA PRA Category 1 Credits™ is as follows:
- SAR Scientific Paper Sessions • 3 AMA PRA Category 1 Credits™
- Educational Course • 31.5 AMA PRA Category 1 Credits™
- CT Colonography Hands-On Workshop • 16.5 hours AMA PRA Category 1 Credits™
- Prostate MRI Hands-on Workshop • 4 hours AMA PRA Category 1 Credits™
- Pelvic Floor Imaging Hands-on Workshop • 4 hours AMA PRA Category 1 Credits™
- Li-RADS Cases for the Experts Hands-on Workshop • 3 hours AMA PRA Category 1 Credits™
- Dual Energy CT Hands-on Workshop • 3 hours AMA PRA Category 1 Credits™
- Advanced Renal Mass Imaging Hands-on Workshop • 3 hours AMA PRA Category 1 Credits™
- Rectal Cancer MRI Hands-On Workshop • 3 hours AMA PRA Category 1 Credits™

Please note that as sections of this program are concurrent, if all educational activities are attended, the maximum number of AMA PRA Category 1 Credits™ that can be earned is 51.75.

WORKSHOP AND SELF-ASSESSMENT MODULE INFORMATION
Workshop sessions will be offered Tuesday and Thursday in a small group format. The program offers 180 workshops covering a broad range of practice management, and abdominal and pelvic imaging topics. Special workshop tracks are identified by a color coding system detailed within the brochure program in order to simplify your workshop selection process.

The Self-Assessment Modules (SAM) presented at the annual meeting include GU Requisites and Updates: Above the Bladder; Emergency Imaging; Intervention Requisites for the Abdominal Radiologist; Li-RADS: Past, Present and Future; Advances in Molecular and Imaging have been qualified by the Society of Abdominal Radiology in meeting the criteria for self-assessment toward the purpose of fulfilling requirements in the ABR Maintenance of Certification Program. If you wish to register for a SAM, you must submit a fee of $35 for each SAM, even if you do not wish to receive SAM credit. This fee covers the production costs associated with the SAMs.
LI-RADS: PAST, PRESENT AND FUTURE | TUESDAY, MARCH 3
This will be a 3 hour hands-on workshop reviewing cross-sectional imaging of the liver in patients at risk for HCC, focusing on use of LI-RADS, version 2017 which has several new features within it. In order to increase competence and ease of use of LI-RADS, version 2017 cases will be reviewed by the attendees initially and then the session leader will provide teaching pearls about each case. All participants of this workshop must bring a laptop with internet capabilities to participate.

CT COLONOGRAPHY | SUNDAY MARCH 1 THRU TUESDAY, MARCH 3
The CT Colonography Hands-on Workshop is a 16.5-hour case-based workshop comprised of intensive and supervised review of at least 50 CTC cases, an initial demonstration of the normal colon, and an extensive review of the appearances of polyps and cancers with tips provided for problem-solving and analysis of pitfalls. An introductory Basic Training - Buttonology session will be held on Sunday, March 1; two essential 30-minute lectures will follow. Hands-on training on individual workstations will be conducted Monday, March 2 and Tuesday, March 3.

DUAL ENERGY CT | WEDNESDAY MARCH 4
The Dual Energy CT Hands-on Workshop will provide a dedicated lecture series and hands-on training on vendor specific workstations highlighting Dual Energy CT problem solving for daily practice. Three 35-minute lectures will cover practical Dual Energy CT workflow, applications in abdominal imaging, and how to establish Dual Energy CT in your practice. In a separate 3-hour session, registrants will receive hands-on case-based supervised instruction on Dual Energy CT interpretation of individual cases to improve daily image diagnosis.

PELVIC FLOOR IMAGING | MONDAY MARCH 2
The Pelvic Floor Imaging Hands-on Workshop is a 4-hour case-based workshop focused on state-of-the-art anatomic and functional imaging of the pelvic floor. Participants will receive hands-on training in technique, interpretation and reporting of MR defecography and postoperative imaging of pelvic mesh and slings. Following a brief introductory lecture on each topic, attendees will benefit from independent and expert-guided review of practical cases that demonstrate real-world applicability of these techniques. All participants of this workshop must bring a laptop with internet capabilities to participate.

PROSTATE MRI | MONDAY MARCH 2
The Prostate MRI Hands-on Workshop is a 4-hour case-based workshop consisting of the review of 30 prostate MRI scans that exemplify the vast majority of scenarios seen in practice. Lectures will review the PI-RADS classification and introduce the system that will be used for the hands-on case review. Participants will benefit from the presence of expert instructors who will be available for one-on-one discussions.

RECTAL CANCER MRI | THURSDAY MARCH 5
The Rectal Cancer MRI Hands-on Workshop is a 3-hour case-based workshop focused on applying existing state of the art MR techniques and standardized reporting template for accurate and robust staging of rectal cancer patients. All participants of this workshop must bring a laptop with internet capabilities to participate.

ADVANCED RENAL MASS IMAGING | WEDNESDAY MARCH 4
The Advanced Renal Mass Imaging Hands-on Workshop is a hands-on case-based workshop focused on small renal masses. In this 3-hour workshop, participants will assess challenging cases and learn to accurately characterize a renal mass using a new SAR renal mass reporting template, navigate the complexities of management for small renal masses, minimize the burden of over-diagnosis and over-treatment of small renal masses, use MRI and CT to predict renal mass histology, and use histologic prognostication to influence patient management. Recently updated guidelines and recommendations will be incorporated. All participants must bring a laptop with internet capabilities to participate.

*Please note that there is an additional registration fee for the hands-on workshops listed above and participation is limited. You must be an SAR meeting registrant to register for a hands-on workshop.

These workshops would not be possible without the generous In Kind and educational grant support of our Industry Partners. Our 2019 Workshops were supported by; American College of Radiology's Cortex System, Bracco Diagnostics, GE Healthcare, Invivio, Philips Healthcare, Pure Web and Siemens Healthineers.

## MONDAY, MARCH 2, 2020

### 2:00 pm – 5:00 pm
- **Virtual Colonoscopy Hands-On Workstation Training I**
  - Rizwan Aslam, MD, Matthew Barish, MD and Courtney Moreno, MD

### 2:00 pm – 6:00 pm
- **Prostate MRI Hands-on Workshop**
  - Sandeep Arora, MD, Tharakeswara Bathala, MD, Silvia Chang, MD, Steve Eberhardt, MD, Fiona Fennessy, MD, Amir Borhani, MD, Thais Mussi, MD, Rosaleen Parsons, MD and Varaha Tammisetti, MD

### 6:00 PM – 8:00 PM
- **WELCOME RECEPTION**
- **Case Review (Open Session for Training Course Registrants)**

## TUESDAY, MARCH 3, 2020

### 7:00 am – 12:00 pm
- **Virtual Colonoscopy Hands-On Workstation Training II**
  - David Kim, MD, Kevin J. Chang, MD and Milana Flusberg, MD

### 7:00 am – 7:30 am
- **Workshop Session I**
  - **Workshop #1**
    - Grant Writing Tips for the Academic Radiologist – From NIH to Foundation and K to R
      - Alexander Guimaraes, MD, PhD and Hersh Chandarana, MD
  - **Workshop #2**
    - Reaffirming The Value Of Real Time Fluoroscopy In The Age Of High Resolution CT, MRI and US
      - Martin Auster, MD, Atif Zaheer, MD and Nathaniel Shalom, MD
  - **Workshop #3**
    - Radiomics for HCC
      - Bachir Taouli, MD and Sara Lewis, MD
  - **Workshop #4**
    - Pancreas Cancer: Early Detection, Diagnosis, Staging
      - Young Kim, MD, PhD and Joyce Mhlanga, MD
  - **Workshop #5**
    - Hepatobiliary Agents: Tips, Tricks, And Pitfalls
      - Subramaniyan Ramanathan, MD and Shahid Hussain, MD
  - **Workshop #6**
    - Rectal Cancer: Structured Reporting
      - Neeraj Lalwani, MD and Brian Herts, MD
  - **Workshop #7**
    - The Infamous Lung Bases - A Review of the Most Common Lung Pathology for the Abdominal Radiologist
      - Omar Agosto, MD, Mansoor Khan, MD and Partha Hota, MD
  - **Workshop #8**
    - Post-Operative Complications in the GU tract: Tips and Tricks
      - Isaac Francis, MBBS and Guillermo Sangster, MD
  - **Workshop #9**
    - ACR and NKF Consensus Guidelines on the Use of IV Contrast Agents In Patients With Kidney Disease
      - Carolyn Wang, MD and Matthew Davenport, MD
  - **Workshop #10**
    - Ovarian Cancer: Understanding Pathways of Disease Spread and How to Apply RECIST 1.1
      - Shaun Wahab, MD and Juliana Tobler, MD
  - **Workshop #11**
    - Imaging of High-Risk and Very High-Risk Prostate Cancer
      - Tharakeswara Bathala, MD and Devaki Shilpa Surasi, MD
  - **Workshop #12**
    - MR Imaging of Penis and Scrotum
      - Satheesh Krishna Jeyaraj, MD and Krishna Prasad Shanbhogue, MD

### 7:40 am – 9:10 am
- **SAM Session I**
  - **GU Requisites and Updates: Above the Bladder**
    - Darcy Wolfman, MD, Silvia Chang, MD, Jeff Neitlich, MD and Isaac Francis, MD

### 7:40 am – 8:10 am
- **Workshop Session II**
  - **Workshop #13**
    - Esophagus Fluoroscopy-Pediatric and Adult ED
      - Dmitriy G. Akselrod, MD and Naiim Ali, MD
  - **Workshop #14**
    - Successful Publication: Tips from the Editor
      - C. Daniel Johnson, MD
  - **Workshop #15**
    - Interesting Hepatobiliary Cases
      - Tasneem Lalani, MD, Mark Masciocchi, MD and Jelena Kovac, MD
  - **Workshop #16**
    - State-of-the-Art MRI Primary Sclerosing Cholangitis
      - Jonathan Dillman, MD, Mukeh Harisinghani, MD and Michael Ohliger, MD, PhD
  - **Workshop #17**
    - MRI-Guided Biopsy: How, When, and Why?
      - Fergus Coakley, MD and Lori Mankowski-Gettle, MD
  - **Workshop #18**
    - MRI of the Pelvic Floor: How to Interpret and Report Pertinent Anatomic Findings
      - Rania El-Sayed, MD, PhD and Kedar Jambhekar, MD
  - **Workshop #19**
    - Overview of LI-RADS v 2018
      - Ania Kielar, MD and Joseph Yacoub, MD
  - **Workshop #20**
    - Beyond the Abdominal Cavity-Update on Lung Base and Musculoskeletal Findings in the Abdomen and Pelvis
      - Fiona Cassidy, MD and Noushin Vahdat, MD
  - **Workshop #21**
    - Imaging in Placenta Accreta Spectrum: Truths and Myths
      - Inessa Goldman, MD and Manjiri Dighe, MD
  - **Workshop #22**
    - Pediatric Conditions With Genitourinary Malignancy Predisposition: An Imaging Screening Update
      - Carol Barnewol, MD and Steven Kraus, MD
  - **Workshop #23**
    - Imaging of Renal Parenchymal Disease: a Pattern-Based Approach
      - Tyler Fraum, MD and Vincent Melnick, MD
  - **Workshop #24**
    - Treating Contrast Reactions: What the Radiologist Should Know
      - Ryan Ash, MD, Vanessa Williams, MD and Shaun Best, MD

| Workshop #38 | Compensation Model for Abdominal Imagers: What You Need To Know | Pablo Ros, MD, PhD and Matthew Barish, MD |
| Workshop #39 | Pancreas Multidisciplinary Cases: Radiology and Surgical Perspectives | Eric Tamm, MD and Jason Fleming, MD |
| Workshop #40 | Interventional Cases That Make Your Heart Race | Peter Mueller, MD and Eric vanSonnenberg, MD |
| Workshop #41 | Whole Body Imaging in High Risk Primary and Recurrent Prostate Cancer | Spencer Behr, MD and Andreas Wibmer, MD |
| Workshop #42 | Ultrasound and Fluoroscopic Imaging of the Pelvic Floor: Tips from the DFP on Technique and Interpretation | Suzanne Palmer, MD and Alison Sheridan, MD |
| Workshop #43 | Pitfalls of Applying LI-RADS; User and System Pitfalls | Khaled Elsayes, MD and Kathryn Fowler, MD |
| Workshop #44 | Dual Energy CT in Oncology | Avinash Kambadakone, MD and Benjamin Yeh, MD |
| Workshop #45 | CE-US for Renal Masses: Logistics and Building a Practice | Richard Barr, MD, PhD and David Fetzer, MD |

### 9:30 am – 10:00 am BREAK

### 10:00 am – 10:05 am ASAR Lecture Introduction

Jonathan Kruskal, MD, PhD

### 10:05 am – 10:30 am ASAR Lecture: A Modified Imaging Classification of Cholangiocarcinoma Based on the Recent Histologic Concept

Prof. Myeong-Jin Kim, MD, PhD

### 10:30 am – 11:20 am Unknown Case Panel

Moderators: Perry Pickhardt, MD and Christine Menias, MD, FSAR

</table>
| 11:20 am – 11:50 am | Plenary V: SAR Tank  
Moderators: Susanna Lee, MD, PhD and Andrew Smith, MD, PhD                    |
| 11:50 am – 12:20 pm | Workshop Session V  
Workshop #49  
Liver Tumors in Non-LI-RADS Population  
Richard Do, MD, PhD and Scott Gerst, MD  
Workshop #50  
Making the Business Case for AI in an Urban Safety-Net Hospital  
Travis Browning, MD and Yee Ng, MD  
Workshop #51  
Medical Legal Consulting - Why, What, And How?  
Puneet Bhargava, MD, Douglas Katz, MD and Richard Leder, MD  
Workshop #52  
Bile Duct Injuries  
Motoyo Yano, MD, PhD and Jay Heiken, MD  
Workshop #53  
Fibroinflammatory Disorders in the Belly  
Leonardo Marcal, MD and Srinivasa Prasad, MD  
Workshop #54  
Problem Solving Every Day Cases Using DECT  
Alvin Silva, MD and Aran Toshav, MD  
Workshop #55  
Evolving Guidelines for Incidental Renal Masses  
Michael Corwin, MD and Jane Wang, MD  
Workshop #56  
Imaging Approach to Scrotal and Penile Pathologies  
Sajan Andrews, MD and Jeffrey Pruitt, MD  
Workshop #57  
Absolutely No Comity Central. GI and GU Experts “Cross the Aisle” for a Fast-Paced Team-Based  
Throwdown  
David DiSantis, MD and Ray Dyer, MD  
Workshop #58  
Interesting and Challenging Scrotal Ultrasound Cases  
Weining Ma, MD and Mahan Mathur, MD  
Workshop #59  
A Pregnant Lady Walks into the ED: What a Radiologist Needs to Know  
Ann Packard, MD and Simin Bahrami, MD  
Workshop #60  
Pelvic MRI for Endometriosis: A Case-Based Guide to Multidisciplinary Care  
Angela Tong, MD and Myra Feldman, MD  
Workshop #61  
Pearls and Pitfalls In Rectal Cancer Imaging  
Harmeet Kaur, MD and Viktoriya Paroder, MD  
Workshop #62  
MACRA 2020: What the Radiologist Needs To Know  
Manjil Chatterji, MD and Andrew Rosenkrantz, MD  
Workshop #63  
Discrepancies at Multidisciplinary Liver Tumor Board: Learn From Our Mistakes  
William Masch, MD and Kimberly Shampain, MD  
Workshop #64  
Perianal Fistula  
Robert Marks, MD and Ethel O’Neal, MD  
Workshop #65  
Don’t Just Blow Bubbles: CEUS  
David Fetzer, MD and Ghaneh Fananapazir, MD  
Workshop #66  
DECT in the Acute Setting  
Lakshmi Anathakrishnan, MD, Bhavik Patel, MD, MBA and Jennifer Uyeda, MD  
Workshop #67  
SAR RCC DFP Renal Mass Lexicon  
Ankur Doshi, MD and Atul Shinagare, MD  
Workshop #68  
Urine Tracking - Imaging the Complications of Renal Transplants  
Matthew Morgan, MD and Anil Chauhan, MD  
Workshop #69  
MRI of Cervical, Myometrial, and Endometrial Lesions: A Case-base Review  
Elizabeth Sadowski, MD, Melissa McGettigan, MD, Aradhana Venkatesan, MD and Krupa Patel-Lippmann, MD  
Workshop #70  
Get Over My Age! Congenital and Pediatric Diseases in Adulthood: What the ADULT Radiologist Needs to Know  
Rama Ayyala, MD and Ami Golki, MD  
Workshop #71  
Updates on Adrenal Imaging  
Lisa Ho, MD, Khaled Elsayes, MD and James Lee, MD  
Workshop #72  
Deep Learning Basics and Application of AI for Prostate MRI  
Masoom Haider, MD and Jesse Rayan, MD

### THURSDAY, MARCH 5, 2020

**7:00 am – 8:30 am**  
**SAM Session III**  
*Intervention Requisites for the Abdominal Radiologist*  
*Meghan Lubner, MD, Kimberly Shampain, MD, Anil Kurup, MD and J. Louis Hinshaw, MD*

**7:00 am – 7:30 am**  
**Workshop Session VII**

**Workshop #73**  
*360 Degree Evaluation of Living Liver Donors*  
*Abhijit Sunnapwar, MD and Venkata Katabathina, MD*

**Workshop #74**  
*Peer Review*  
*Martin Goodenberger, MD, Elizabeth Edney, MD, Christopher Roth, MD and Haresh Naringrekar, MD*

**Workshop #75**  
*US Acute Biliary Infection/Inflammation with CT/MR Correlation*  
*Tharakeswara Bathala, MD and Nicolaus Wagner-Bartak, MD*

**Workshop #76**  
*Liver MRE and SWE: Pearls and Pitfalls*  
*Alessandro Furlan, MD, Mitchell Tublin, MD and Amir Borhani, MD*

**Workshop #77**  
*Acute Abdominal Pain: Horses Looking Like Zebras*  
*Karen Lee, MD*

**Workshop #78**  
*Acute Bowel Ischemia*  
*Lawrence Chow, MD, Michael Federle, MD and Iain Kirkpatrick, MD*

**Workshop #79**  
*Evaluation of the Treated Prostate Gland*  
*Jurgen Futterer, MD, PhD and Venkateswar Surabhi, MD*

**Workshop #80**  
*AI Projects in Abdominal Radiology: Case Studies in Prostate MRI and Renal CT*  
*Roozbeh Houshyar, MD, Antonio Westphalen, MD and Peter Chang, MD*

**Workshop #81**  
*MSK Pathology: What the Abdominal Radiologist Needs to Know*  
*Senta Berggruen, MD, Winnie Mar, MD and Julie Bauml, MD*

**Workshop #82**  
*Inside Out: Imaging of Renal and Perinephric/Pararenal Masses*  
*Chad Miller, MD and Brian Allen, MD*

**Workshop #83**  
*Dooohickeys and Devices: Up To Date Review of Medical Devices and Foreign Bodies In The Body*  
*Anthony Gilet, MD, Milana Flusberg, MD and Gabriela Gayer, MD*

**Workshop #84**  
*Unenhanced CT of the Abdomen and Pelvis: How to Enhance Your Read*  
*Anup Shetty, MD and Maria Zulfiqar, MD*

**7:40 am – 8:10 am**  
**Workshop Session VIII**

**Workshop #85**  
*Is It Me Or Them? How To Improve Communication In The Workplace*  
*Victoria Chernyak, MD, Kathryn Fowler, MD and Elizabeth Hecht, MD*

**Workshop #86**  
*How To Do and Interpret MR and US Liver Elastography*  
*Andreas Loening, MD, PhD and Aya Kamaya, MD*

**Workshop #87**  
*50 Years of Interventional Experience: What We’ve Learned*  
*John McGahan, MD and Ramit Lamba, MD*

**Workshop #88**  
*Engagement, Wellness and Burnout*  
*Jamie Marko, MD and Darcy Wolfman, MD*

**Workshop #89**  
*Rare Birds in Rectal Cancer*  
*Zahra Kassam, MD and Chandana Lall, MD*

**Workshop #90**  
*Pancreatic Adenocarcinoma: Using MRI*  
*Candice Bolan, MD and Melanie Caserta, MD*

**Workshop #91**  
*Procedures With Trainees: Tips, Tricks and Learning Opportunities*  
*Andrew Bowman, MD, PhD and Benjamin Wildman-Tobriner, MD*

**Workshop #92**  
*Radiosurgery: A New Paradigm for Treatment of Renal Cancer?*  
*Marco Amendola, MD and Jaime Tisnado, MD*

**Workshop #93**  
*ESUR and SAR Consensus Guidelines on Placenta Accreta Spectrum Disorders*  
*Priyanka Jha, MBBS, Liina Poder, MD and Gabriele Masselli, MD*

**Workshop #94**  
*Misses, Misinterpretations, and Updates of GU Trauma*  
*Ashish Khandelwal, MD and Daniel Adamo, MD*

**Workshop #95**  
*PET/CT Pitfalls for the Abdominal Radiologist at Tumor Board*  
*John Strang, MD, Nadine Mallak, MD and Janet Pollard, MD*

**Workshop #96**  
*Abdominal Doppler After 5 PM: Retropertitoneal and Visceral Emergencies*  
*Deborah Rubens, MD and Leslie Scottt, MD*

**8:20 am – 8:50 am**  
**Workshop Session IX**

**Workshop #97**  
*Optimizing CT and MRI Protocols in a Diverse Multi-Site Enterprise*  
*Daniel Glazer, MD and Giles Boland, MD*

**Workshop #98**  
*The Young Ones: Teaching Radiology to Medical Students*  
*Matthew Morgan, MD, Paul Hill, MD and Aem El Jack, MD*

HOTEL, TRAVEL & RECREATION

GRAND WAILEA MAUI will serve as the headquarters hotel for the SAR 2020 Annual Scientific Meeting and Educational Course. 3850 Wailea Alanui Drive • Wailea, Hawaii 96753 • Phone +1-800-925-3673.

Experience luxury like never before with 40 acres of lush tropical gardens and endless activities to choose from – the ultimate destination for an immersive Hawaiian getaway. With an endless supply of activities, adventures and excitement, there’s a reason Grand Wailea is consistently ranked among the world’s best resorts by leading travel consumer reports and industry peers.

PLEASE BE SURE TO VISIT THE SAR WEBSITE FOR THE LATEST INFORMATION ON RESERVING HOTEL ACCOMMODATIONS

TRAVEL
You’ll find us beside Wailea Beach on the southwest shore of Maui. The Grand Wailea Maui is just 35 minutes south from the Kahului Airport (OGG). While there are many direct flights to Maui, you can also take a 20-minute flight here from Oahu if you connect through Honolulu International (HNL). Getting to the resort is easy with a wide range of transportation options available. Whether you arrive by shuttle, taxi or rental car, your trip from the airport will be relaxing and hassle-free. Visit the Society website for detailed ground transportation information and discount codes.

RECREATION
The Grand Wailea Maui has plenty of activities to keep adults and kids happy and active during their stay. Experience a true Hawaii resort destination, featuring 15 sprawling acres of sparkling pools, playful recreation and fitness options to choose from. Concierge services are complimentary with your stay. The Grand Wailea Concierge Open Daily 7am to 9pm. Contact the concierge at +1-800-888-6100, or email concierge@grandwailea.com
