SUMMARY

• Huge honor, amazing experience-extremely grateful to selection committee and board of SAR, Bracco and Catie Duhon
• Reinforces my belief that SAR is the best society in radiology
• Not only did I get to teach but learned invaluable lessons from everyone that I visited
• Visited some of my closest friends in academia and made new ones
• Almost 20 sites and 40 lectures
• Still leftover funds
• Special thanks-especially to my friends in my department who allowed me to be away and know we were in good hands and my family
