CODING FOR NCC MAINTENANCE

Fall 2025 National Neonatal Nurses Conference

Neonatal | Advanced Practice | Mother Baby

September 3-6, 2025

Competency categories are provided for your information. The final decision regarding the competency categories is at the discretion of NCC.

NNP Codes	Session Names
Physical Assessment (Code 1)	• Eeny, Meeny, Miny, Moe: Cardiac, Pulmonary? I Don't Know! Clues to the Presence of CHD and Where All That Blood Flows (S.T.A.B.L.E. Cardiac Module) • Salty, Sweet, and Keeping the Heat: Neonatal Lab Interpretation and Thermoregulation
Embryology, Physiology, Pathophysiology and Systems Management (Code 2)	• From Routine to Complex: Current and Emerging Options in Prenatal Genetic Screening and Testing • Unlocking Early Intervention: A Path to Better Outcomes for Infants at High Risk for Cerebral Palsy • Supporting the Gut Microbiome • Improving the Safety of Neonatal Intubation • Cooling Pearls and Pitfalls: Advancing Treatment and Support for Neonates with HIE • Care of the Infant of the Diabetic Mother: More Than Hypoglycemia • Beyond Dopamine in the care of Neonatal Pulmonary Hypertension • Current Challenges of The Pregnancy Affected By Diabetes: Congenital Anomalies Occurring In and Associated With the Infant of the Diabetic Mother • Non-Invasive Ventilation • Hemodynamic Precision in Care of Extremely Preterm Infants • High Frequency Ventilation: An Advanced Practice Primer • Necrotizing Enterocolitis

	• Rapid Sequence Intubation (RSI) • Small Patients, Big Challenges: Fungal Treatment and Prophylactic Strategies in the NICU
General Management (Code 3)	• Feeding Foundations and Beyond: Navigating Breast and Bottle Feeding Challenges in the NICU and the Impact on Long-Term Outcomes • Mastering Fluids and Electrolytes: Essential Knowledge for Neonatal Nurses • Managing Nutrition Requirements
Pharmacology (Code 4)	• Right Drug, Right Bug, Right Time: Updates on Antibiotic Use in the NICU Neonatal Pharmacology Part I • Pain Management in the Newborn: Clinical and Pharmacological Approach Neonatal Pain Management Pharmacology Part II • Post-Operative Analgesia Utilizing Chloroprocaine Epidurals in Neonates and Infants
Professional Practice (Code 5)	• Symposium for Nurse Leaders Part I - "The Leadership Imperative: Solving for Staff Retention and Better Outcomes Through Psychological Safety • Symposium for Nurse Leaders Part II - (cont) - The Leadership Imperative: Solving for Staff Retention and Better Outcomes Through Psychological Safety • The Science of Bite-sized Well-being During Uncertain Times • Maternal Mortality in the United States: We Must Do Better • Tiny Humans, Big Decisions: Ethical Decision-Making for Nanopreemies • The Future of Delivery Room Resuscitation: What Can We Learn from the DRIVE Network? • Neonatology and Biomedical Ethics: Growing Up Together • AI in the NICU: Revolutionizing Neonatal Care with Predictive Analytics • Extracorporeal Support: Advancements for Neonatology • Making a “Case” for Publishing: Information for Writers and Reviewers • Call to Action: Decrease Maternal and Infant Mortality and Morbidity with Human Milk Feeding

	• The Body Keeps the Score-What is Yours? • EQ vs. IQ: The Clear Winner! • Advancing Parent Partnerships: Strengthening Collaboration through NICU Advisory Council • "I Can't Believe You Just Said That!" Cultural Competency in Maternal Child Health • Professionalism 101 • Achieving Health Equity in Neonatal Care: The Seeds, the Trees and Building a Better Future

NIC Codes	Session Names
General Assessment (Code 1)	• Eeny, Meeny, Miny, Moe: Cardiac, Pulmonary? I Don't Know! Clues to the Presence of CHD and Where All That Blood Flows (S.T.A.B.L.E. Cardiac Module) • Feeding Foundations and Beyond: Navigating Breast and Bottle Feeding Challenges in the NICU and the Impact on Long-Term Outcomes • Mastering Fluids and Electrolytes: Essential Knowledge for Neonatal Nurses • Improving the Safety of Neonatal Intubation • Non-Invasive Ventilation • High Frequency Ventilation: An Advanced Practice Primer • Salty, Sweet, and Keeping the Heat: Neonatal Lab Interpretation and Thermoregulation • Managing Nutrition Requirements • Rapid Sequence Intubation (RSI) • Small Patients, Big Challenges: Fungal Treatment and Prophylactic Strategies in the NICU
Physiology and Pathophysiology (Code 2)	• From Routine to Complex: Current and Emerging Options in Prenatal Genetic Screening and Testing • Unlocking Early Intervention: A Path to Better Outcomes for Infants at High Risk for Cerebral Palsy • Supporting the Gut Microbiome • Care of the Infant of the Diabetic Mother: More Than Hypoglycemia • Beyond Dopamine in the care of Neonatal Pulmonary Hypertension

	• Current Challenges of The Pregnancy Affected By Diabetes: Congenital Anomalies Occurring In and Associated With the Infant of the Diabetic Mother • Hemodynamic Precision in Care of Extremely Preterm Infants • Necrotizing Enterocolitis
Pharmacology (Code 3)	• Right Drug, Right Bug, Right Time: Updates on Antibiotic Use in the NICU Neonatal Pharmacology Part I • Pain Management in the Newborn: Clinical and Pharmacological Approach Neonatal Pain Management Pharmacology Part II • Cooling Pearls and Pitfalls: Advancing Treatment and Support for Neonates with HIE • Post-Operative Analgesia Utilizing Chloroprocaine Epidurals in Neonates and Infants
Professional Practice (Code 4)	• Symposium for Nurse Leaders Part I - "The Leadership Imperative: Solving for Staff Retention and Better Outcomes Through Psychological Safety • Symposium for Nurse Leaders Part II - (cont) - The Leadership Imperative: Solving for Staff Retention and Better Outcomes Through Psychological Safety • The Science of Bite-sized Well-being During Uncertain Times • Maternal Mortality in the United States: We Must Do Better • The Future of Delivery Room Resuscitation: What Can We Learn from the DRIVE Network? • Neonatology and Biomedical Ethics: Growing Up Together • AI in the NICU: Revolutionizing Neonatal Care with Predictive Analytics • Extracorporeal Support: Advancements for Neonatology • Making a “Case” for Publishing: Information for Writers and Reviewers • Call to Action: Decrease Maternal and Infant Mortality and Morbidity with Human Milk Feeding • Tiny Humans, Big Decisions: Ethical Decision-Making for Nanopreemies • The Body Keeps the Score-What is Yours?

	• EQ vs. IQ: The Clear Winner! • Advancing Parent Partnerships: Strengthening Collaboration through NICU Advisory Council • "I Can't Believe You Just Said That!" Cultural Competency in Maternal Child Health • Professionalism 101 • Achieving Health Equity in Neonatal Care: The Seeds, the Trees and Building a Better Future

LRN Codes	Session Names
Mother/Fetus (Code 1)	
Physical Assessment and General Management (Code 2)	• Eeny, Meeny, Miny, Moe: Cardiac, Pulmonary? I Don't Know! Clues to the Presence of CHD and Where All That Blood Flows (S.T.A.B.L.E. Cardiac Module) • From Routine to Complex: Current and Emerging Options in Prenatal Genetic Screening and Testing • Feeding Foundations and Beyond: Navigating Breast and Bottle Feeding Challenges in the NICU and the Impact on Long-Term Outcomes • Unlocking Early Intervention: A Path to Better Outcomes for Infants at High Risk for Cerebral Palsy • Mastering Fluids and Electrolytes: Essential Knowledge for Neonatal Nurses • Improving the Safety of Neonatal Intubation • Cooling Pearls and Pitfalls: Advancing Treatment and Support for Neonates with HIE • Care of the Infant of the Diabetic Mother: More Than Hypoglycemia • Current Challenges of The Pregnancy Affected By Diabetes: Congenital Anomalies Occurring In and Associated With the Infant of the Diabetic Mother • Non-Invasive Ventilation • High Frequency Ventilation: An Advanced Practice Primer • Salty, Sweet, and Keeping the Heat: Neonatal Lab Interpretation and Thermoregulation • Managing Nutrition Requirements Small Patients, Big Challenges: Fungal Treatment and Prophylactic Strategies in the NICU

Assessment and Management of Pathophysiological Conditions and Neonatal Complications (Code 3)	• Supporting the Gut Microbiome • Beyond Dopamine in the care of Neonatal Pulmonary Hypertension • Hemodynamic Precision in Care of Extremely Preterm Infants • Necrotizing Enterocolitis
Pharmacology (Code 4)	• Right Drug, Right Bug, Right Time: Updates on Antibiotic Use in the NICU Neonatal Pharmacology Part I • Pain Management in the Newborn: Clinical and Pharmacological Approach Neonatal Pain Management Pharmacology Part II • Post-Operative Analgesia Utilizing Chloroprocaine Epidurals in Neonates and Infants
Professional Practice (Code 5)	• Symposium for Nurse Leaders Part I - "The Leadership Imperative: Solving for Staff Retention and Better Outcomes Through Psychological Safety • Symposium for Nurse Leaders Part II - (cont) - The Leadership Imperative: Solving for Staff • Retention and Better Outcomes Through Psychological Safety • The Science of Bite-sized Well-being During Uncertain Times • Maternal Mortality in the United States: We Must Do Better • The Future of Delivery Room Resuscitation: What Can We Learn from the DRIVE Network? • Neonatology and Biomedical Ethics: Growing Up Together • AI in the NICU: Revolutionizing Neonatal Care with Predictive Analytics • Extracorporeal Support: Advancements for Neonatology • Making a “Case” for Publishing: Information for Writers and Reviewers • Call to Action: Decrease Maternal and Infant Mortality and Morbidity with Human Milk Feeding • Tiny Humans, Big Decisions: Ethical Decision-Making for Nanopreemies • The Body Keeps the Score-What is Yours? • EQ vs. IQ: The Clear Winner! • Advancing Parent Partnerships: Strengthening Collaboration through NICU Advisory Council

	• "I Can't Believe You Just Said That!" Cultural Competency in Maternal Child Health • Professionalism 101 • Achieving Health Equity in Neonatal Care: The Seeds, the Trees and Building a Better Future

MNN Codes	Session Names
Pregnancy, Birth Risk Factors and Complications (Code 1)	
Maternal Postpartum Assessment, Management and Complications (Code 2)	• Postpartum Complications
Newborn Assessment, Management and Complications (Code 3)	• Right Drug, Right Bug, Right Time: Updates on Antibiotic Use in the NICU Neonatal Pharmacology Part I • Eeny, Meeny, Miny, Moe: Cardiac, Pulmonary? I Don't Know! Clues to the Presence of CHD and Where All That Blood Flows (S.T.A.B.L.E. Cardiac Module) • Care of the Infant of the Diabetic Mother: More Than Hypoglycemia • Current Challenges of The Pregnancy Affected By Diabetes: Congenital Anomalies Occurring In and Associated With the Infant of the Diabetic Mother • Salty, Sweet, and Keeping the Heat: Neonatal Lab Interpretation and Thermoregulation
Professional Practice (Code 4)	• Symposium for Nurse Leaders Part I - "The Leadership Imperative: Solving for Staff Retention and Better Outcomes Through Psychological Safety • The Science of Bite-sized Well-being During Uncertain Times • Maternal Mortality in the United States: We Must Do Better • The Future of Delivery Room Resuscitation: What Can We Learn from the DRIVE Network? • Making a “Case” for Publishing: Information for Writers and Reviewers • Call to Action: Decrease Maternal and Infant Mortality and Morbidity with Human Milk Feeding • Tiny Humans, Big Decisions: Ethical Decision-Making for Nanopreemies

	• The Body Keeps the Score-What is Yours? • EQ vs. IQ: The Clear Winner! • Legal Issues in Obstetrics • "I Can't Believe You Just Said That!" Cultural Competency in Maternal Child Health • Professionalism 101 • Achieving Health Equity in Neonatal Care: The Seeds, the Trees and Building a Better Future

INPT OB Codes	Session Names
Fetal Assessment (Code 1)	
Labor and Delivery (Code 2)	
Pregnancy and Obstetric Complications (Code 3)	
Postpartum (Code 4)	• Postpartum Complications
Newborn (Code 5)	• Eeny, Meeny, Miny, Moe: Cardiac, Pulmonary? I Don't Know! Clues to the Presence of CHD and Where All That Blood Flows (S.T.A.B.L.E. Cardiac Module) • Care of the Infant of the Diabetic Mother: More Than Hypoglycemia • Current Challenges of The Pregnancy Affected By Diabetes: Congenital Anomalies Occurring In and Associated With the Infant of the Diabetic Mother • Salty, Sweet, and Keeping the Heat: Neonatal Lab Interpretation and Thermoregulation
Professional Issues (Code 6)	• Symposium for Nurse Leaders Part I - "The Leadership Imperative: Solving for Staff Retention and Better Outcomes Through Psychological Safety • Symposium for Nurse Leaders Part II - (cont) - The Leadership Imperative: Solving for Staff Retention and Better Outcomes Through Psychological Safety • The Science of Bite-sized Well-being During Uncertain Times • Maternal Mortality in the United States: We Must Do Better • The Future of Delivery Room Resuscitation: What Can We Learn from the DRIVE Network? • Making a “Case” for Publishing: Information for Writers and Reviewers • Call to Action: Decrease Maternal and Infant Mortality and Morbidity with Human Milk Feeding • Tiny Humans, Big Decisions: Ethical Decision-Making for Nanopreemies

	• The Body Keeps the Score-What is Yours? • EQ vs. IQ: The Clear Winner! • Legal Issues in Obstetrics • "I Can't Believe You Just Said That!" Cultural Competency in Maternal Child Health • Achieving Health Equity in Neonatal Care: The Seeds, the Trees and Building a Better Future

Subspecialty codes	Session Names
Care of the Extremely Low Birth Weight Neonate (Code 7)	• Right Drug, Right Bug, Right Time: Updates on Antibiotic Use in the NICU Neonatal Pharmacology Part I • Eeny, Meeny, Miny, Moe: Cardiac, Pulmonary? I Don't Know! Clues to the Presence of CHD and Where All That Blood Flows (S.T.A.B.L.E. Cardiac Module) • Neonatal Pain Management Pharmacology Part II • From Routine to Complex: Current and Emerging Options in Prenatal Genetic Screening and Testing • Feeding Foundations and Beyond: Navigating Breast and Bottle Feeding Challenges in the NICU and the Impact on Long-Term Outcomes • Tiny Humans, Big Decisions: Ethical Decision-Making for Nanopreemies • Mastering Fluids and Electrolytes: Essential Knowledge for Neonatal Nurses • Supporting the Gut Microbiome • Improving the Safety of Neonatal Intubation • Beyond Dopamine in the care of Neonatal Pulmonary Hypertension • Non-Invasive Ventilation • Hemodynamic Precision in Care of Extremely Preterm Infants • Managing Nutrition Requirements • Rapid Sequence Intubation (RSI) • High Frequency Ventilation: An Advanced Practice Primer • Necrotizing Enterocolitis • Post-Operative Analgesia Utilizing Chloroprocaine Epidurals in Neonates and Infants • Salty, Sweet, and Keeping the Heat: Neonatal Lab Interpretation and Thermoregulation • Small Patients, Big Challenges: Fungal Treatment and Prophylactic Strategies in the NICU

Neonatal Neuro-Intensive Care NNIC (Code 20)	• Right Drug, Right Bug, Right Time: Updates on Antibiotic Use in the NICU Neonatal Pharmacology Part I • Neonatal Pain Management Pharmacology Part II • From Routine to Complex: Current and Emerging Options in Prenatal Genetic Screening and Testing • Feeding Foundations and Beyond: Navigating Breast and Bottle Feeding Challenges in the NICU and the Impact on Long-Term Outcomes • Unlocking Early Intervention: A Path to Better Outcomes for Infants at High Risk for Cerebral Palsy • Supporting the Gut Microbiome • Cooling Pearls and Pitfalls: Advancing Treatment and Support for Neonates with HIE • Post-Operative Analgesia Utilizing Chloroprocaine Epidurals in Neonates and Infants • Salty, Sweet, and Keeping the Heat: Neonatal Lab Interpretation and Thermoregulation • Managing Nutrition Requirements • Small Patients, Big Challenges: Fungal Treatment and Prophylactic Strategies in the NICU
Neonatal Pediatric Transport (Code 27)	• Eeny, Meeny, Miny, Moe: Cardiac, Pulmonary? I Don't Know! Clues to the Presence of CHD and Where All That Blood Flows (S.T.A.B.L.E. Cardiac Module) • Improving the Safety of Neonatal Intubation • Beyond Dopamine in the care of Neonatal Pulmonary Hypertension • Non-Invasive Ventilation • High Frequency Ventilation: An Advanced Practice Primer • Salty, Sweet, and Keeping the Heat: Neonatal Lab Interpretation and Thermoregulation
Obstetric and Neonatal Quality and Safety (Code 28)	• The Future of Delivery Room Resuscitation: What Can We Learn from the DRIVE Network? • AI in the NICU: Revolutionizing Neonatal Care with Predictive Analytics Tiny Humans, Big Decisions: Ethical Decision-Making for Nanopreemies • Improving the Safety of Neonatal Intubation • Achieving Health Equity in Neonatal Care: The Seeds, the Trees and Building a Better Future
