5th Annual Symposium for Nurse Leaders
Preconference Sessions
September 5, 2018

Hyatt Regency, New Orleans
Enthralling, captivating, and always a good time! And this year New Orleans is celebrating its 300th anniversary! ANN is excited to take this conference back to one of our most popular destinations. Come and experience New Orleans with ANN! New Orleans is one of the world’s most culturally and historically rich destinations. Experience all of the Big Easy’s greatest charms. Steeped in a history of influences from Europe, the Caribbean, Africa, and beyond, New Orleans is home to a truly unique melting pot of culture, food, and music. You’ll find bowls filled to the rim with gumbo, late nights in jazz clubs, strolls through historic neighborhoods, and festivals and parades throughout the year.

Explore our exceptional program, interact with renowned speakers and your colleagues, join in lively and informative poster sessions. This year, the Mother Baby conference features podium presentations. Learn what colleagues are doing at their institutions to solve problems and improve care or find out about the latest research. Return to your unit motivated and inspired to provide the best care for your patients and their families. See you in New Orleans!

Statement of Purpose
The purpose of this conference is to provide current and clinically applicable information for prenatal, intrapartum, and postpartum care of the mother as well as infant care, both in the hospital and through transition to home. The educational sessions provide information to nurses and other healthcare professionals who care for the expectant and postpartum mother and her newborn. Specific objectives for each presentation will be listed in the conference program.

Continuing Education
Attendees may earn up to 28 contact hours for this conference, based on a 60-minute hour. (The main conference sessions provide 14.5 contact hours, preconference sessions up to 6.5, and poster sessions up to 7.) Participants must be registered for the conference, attend at least 90% of a session, and complete the online evaluation to earn continuing education contact hours.

The Academy of Neonatal Nursing is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation.

The provider, the Academy of Neonatal Nursing, is approved by the California Board of Registered Nursing, Provider #CEP 6261; and Florida, Provider #FBN 3218, content code 1300, CE Broker #50-3006.

**Keynote Address and Welcome Reception**

This year the conference opens on Wednesday evening with our keynote speaker Dr. Stephen Patrick. The opioid crisis affects all levels of nursing practice. Join with your colleagues to learn more about this important, timely topic.

**4:30–5:30 PM**

**100 Improving Outcomes for Pregnant Women and Infants Impacted by the Opioid Crisis**

Stephen Patrick, MD, MPH, MS

Dr. Stephen Patrick is an acknowledged expert in the area of opioid use and abuse. He has researched and published widely on the opioid epidemic and neonatal abstinence syndrome. Dr. Patrick previously served as Senior Science Policy Advisor to the White House Office of National Drug Control Policy and has testified before Congress on the rising numbers of newborns being diagnosed with opioid withdrawal after birth. He was consultant for the Substance Abuse and Mental Health Services Administration’s publications “A Collaborative Approach to the Treatment of Pregnant Women with Opioid Use Disorders,” and “Advancing the Care of Pregnant and Parenting Women with Opioid Use Disorder and their Infants: A Foundation for Clinical Guidance.” Dr. Patrick discusses the rise of opioid-related complications among pregnant women and infants and a comprehensive approach to improve outcomes for the dyad.

153 Baby Friendly: How Do You Make It Friendly?  
Cheri Johnson, RNC-OB, BSN

The Baby Friendly Hospital Initiative is a culture shift in most organizations. Learn how a hospital that delivers over 8,200 babies a year (that’s nearly 1 an hour, every hour) was successful in making the culture shift in less than 18 months while being sensitive to the patients, nurses, and physicians. Bring your questions and experiences, learn how to achieve the culture you desire.

154 Resilient Nurses? You Bet!  
Tracy Nicolosi, RNC  
Chryystal Deslatte, RN

Our speakers guide you in identifying areas of occupational stress. They discuss the struggle between balancing personal self-care needs and keeping up with the demands of the workplace. Stress relief tools are demonstrated and discussed.

161 Case Studies in Fetal Monitoring
Nan Troiano, MSN, RN-C, NE-BC

Fetal heart rate tracings in high-risk and critical-care pregnancies are presented and interpreted. Integration of maternal and fetal status is reinforced.

162 The Cardiac Baby: One Baby, Two Baby, Red Baby, Blue Baby
Michael R. Brumund, MD

Dr. Brumund explains the terms used to describe cyanosis and congenital heart disease. He identifies points used to differentiate between respiratory and cardiac causes of cyanosis and explores important features of the clinical assessment for congenital heart disease.

163 Family-to-Family Support Network: The Unique Family Care Model
Emily Stevens, LCSW-BACS  
Ashley Mendoza

With an initial focus on adoption and surrogacy, the Unique Family Care Model can apply to many patient populations needing modified care because of complex social situations. Our speakers share their hospital’s current journey in adopting the Family-to-Family framework.

164 Podium Presentations
Multiple Presenters

Peer-reviewed abstracts have been selected for podium presentations. These presentations will bring you up-to-date on innovative research and clinical practice projects. Discover what your colleagues from across the country are doing as they share their unique experiences. A balance of clinical, research, and education-themed abstracts are presented.

301 Culture of Safety or Combat Zone? Tackling Causes and Solutions for Violence in the Hospital

Jacalyn Hardy, MS

Violent behavior toward nurses, physicians, and hospital staff members is an occupational hazard that every hospital encounters, particularly for frontline staff. Almost half of all workplace violence occurs in the healthcare setting, yet there is little consensus on how to address this problem. Ms. Hardy explores the risk factors for and causes of workplace violence and looks at prevention, regulations, and solutions that can help keep nurses in the business of caregiving, not combat.

9:30–10:30 AM

302 Marijuana/Cannabis: “Weed to Know” Issues for Care Providers and Patients
Maureen Gordon Shogan, MN, RNC

What is the difference between THC and CBD? Is there a high with medicinal marijuana? How does cannabis use in pregnancy affect the fetus? What are potential outcomes of using cannabis when breastfeeding? Learn how to educate parents about cannabis, using evidence that supports your teaching.

10:30–10:45 AM  Coffee and Tea Service
10:45–11:45 AM

303 The Limits of Viability: Making End-of-Life Decisions at the Beginning of Life
Bryan Darling, MD

Dr. Darling discusses the difficult, yet very important responsibility of counseling parents prior to the delivery of extremely premature infants that are bordering on the limits of viability. An overview of medical ethics is given before describing the added ethical dilemmas with regards to the extremely premature infant, including the role of the parents as the decision makers in this emotion-charged setting.

11:45 AM–12:45 PM

304 Aspire to Transform
Michele Deck, RN, BSN, MEd, LCCE, FACCE

Healthcare professionals are asked to transform many times in their careers. This session focuses on how to transform your teaching with creative methods, and how to rock your personal and professional opportunities for growth and transformation. Michele will leave you inspired to transform!
