## Networking and educating the International Accountant in the USA.

ACAUS (The Association of Chartered Accountants in the USA) has a resident in the US membership of 9,000 international accountants from 6 countries and Associate members from elsewhere in the world, as well as accountants and senior financial executives in the USA who want to better understand the International arena from the US perspective.

We provide professional opportunities for our members through networking and educational offerings across the USA, through in person meetings and through our digital media.

Join our ACAUS LinkedIn group: <https://www.linkedin.com/groups/1808397>  
The digital network of 3,200 members now - 4,000 by the end of the year and 10,000 by the end of 2019 includes senior internationally focused financial executives, in every field and in every city around the USA. We maintain the 15 chapters and their local events and have a virtual chapter for those unable to get to in-person chapter meetings. We offer an expanded virtual network by HI and by region. We also have a "giving-back" program.

Our Education focuses on International issues of interest to members, persons outside the USA with a US interest and CPA's in the USA with an International perspective. Delivery is through local events that are recorded and delivered on our social media network. National events - delivered through Webinars;  
International events - the "International Accounting Forum" in NYC each year.

We run showcase network events around the country for members and others with sponsorships and ticket costs to promote all of our credentials across the USA and to promote the credentials across the world.

Our members range from newly-qualified accountants to seasoned business leaders and cover a diverse range of industries and markets.

If you are not already receiving communications from ACAUS, or if you have not yet registered with ACAUS, please submit a [membership request](#).

#### Denver Chapter: CFO Forum - Year End Update

Tuesday, November 13, 0715 - 0930

Thanks to Phil Doty at EKSH, and Doug Johnson of Catapult Growth Partners, you are cordially invited to attend the CFO Alliance's "Year End Update". The event is free of charge to us, thanks to the sponsors.

This will be a good opportunity to speculate on what changes to tax code or the business environment may or may not occur as a result of the election. Also, there will probably be about 30 or so of our esteemed American colleagues who are separately members of the CFO Alliance. A continental breakfast is provided.

## SoCal: 1st Annual Real Business of Show Business

TBD

*The Business of Show Business in all its glory - can you believe that we are had to postpone our ACAUS event, so that our rock star panelist can go on their (second) farewell tour. But, he has promised that he will be back to us in Q2 next year (unless his band goes on their third farewell tour). It's the business of show business and about seizing the moment ... what we should all take away ... see you in the spring for this rescheduled event.*

A milestone event in the annals of ACAUS history which no self-respecting member and their peers should miss!

This will be the first in what will be an annual series on this vertical to be run by our ACAUS members in Southern California - like Wow! Other vertical Industry segments will run around the country next year.

This is the fourth in our ACAUS showcase series, each of which has highlighted the diverse aspects and reach of ACAUS as we deliver.
