Academic and Private Practice Cardiology Careers

Program Objectives

Cardiology Fellows-in-Training will have the opportunity to hear from cardiologists in the Twin Cities and Rochester about their real-world experiences during the transition from training to practice. Topics for discussion include the following.

- How do your areas of clinical interest and expertise fit in different hospital systems?
- What should you consider when first contacting a prospective employer?
- How should you approach job interviews?
- What questions can you anticipate from prospective employers?
- How can you leverage your contacts and networks to find the right job?
