

THE DATE WAS EXTENDED, THERE IS STILL TIME!

Adventure Park Insider State of the Industry Report

Because you have asked so nicely, Adventure Park Insider has extended the date to November 9th to submit your surveys. It only takes a moment to fill out the Adventure Park Insider State of the Industry Survey that ACCT has assisted with.

Generating good data requires as many of you participating as possible. Good data translates to increased understanding and putting knowledge into action. THANK YOU in advance for your participation and we all look forward to sharing those results with you!
