

# CONFERENCE TECH TALK SPEAKERS

We are currently soliciting submissions for our 2020 Tech Talk speaker series. Anyone interested must complete the online submission form below.

## WHY TECH TALKS?

With the growth we've experienced in the industry over the years we've seen the need to steer away from just one presentation and instead host a panel of speakers from various sectors of the industry addressing multiple topics. We are offering a series of four fifteen-minute talks (like Ted Talks) with the hope that every person in attendance would get something out of our opening ceremonies. In addition to these brief 15-minute presentations each presenter will be asked to do a deeper dive into these topics in the form of either a 90-minute session or a pre-conference workshop.

If you have something, you'd like to share with the community we welcome your submission! Please provide as much information as possible via the [online submission form](#) to assist the Conference Work Group in making selections.

All submissions must be received by no later than Friday, May 31 st .
