- Inside of, or in line to enter, any indoor public space.
- Obtaining services from the healthcare sector in settings including, but not limited to, a hospital, pharmacy, medical clinic, laboratory, physician or dental office, veterinary clinic, or blood bank.
- Waiting for or riding on public transportation or paratransit or while in a taxi, private car service, or ride-sharing vehicle.

  - Working in any space visited by members of the public, regardless of whether anyone from the public is present at the time.
  - Working in any space where food is prepared or packaged for sale or distribution to others.
  - Working in or walking through common areas, such as hallways, stairways, elevators, and parking facilities.
  - In any room or enclosed area where other people (except for members of the person's own household or residence) are present when unable to physically distance.

**The following individuals are exempt from wearing a face covering:**

- Children aged two and under.
- Persons with a medical, mental health, or developmental disability that prevents wearing a face covering.
- Persons who are hearing impaired, or communicating with a person who is hearing impaired, where the ability to see the mouth is essential for communication.
- Persons for whom wearing a face covering would create a risk to the person related to their work, as determined by local, state, or federal regulators or workplace safety guidelines.
- Persons who are obtaining a service involving the nose or face for which temporary removal of the face covering is necessary to perform the service.

More information about the state's COVID-19 guidance is on the California Department of Public Health's Guidance [web page](#).

### **UPDATE ON REOPENING THE STATE: BARBER SHOPS & HAIR SALONS**

Yesterday, the California Department of Public Health (CDPH) announced counties that meet the criteria for accelerated re-opening may re-open hair salons and barbershops with modifications such as mandatory face coverings for both barbers or stylists and clients. Permitted activities include services that can be provided with both the worker and customer wearing face coverings throughout the service including haircuts, hair coloring, blowouts, weaves and extensions, braiding, lock maintenance, wig maintenance and hair relaxing treatments.

Salon activities that cannot be done with face coverings on both the worker and client – or that require touching the client's face – such as shaving, facial waxing, threading, eyelash services and facials – remain prohibited at this time in all counties. Likewise, nail salons remain closed.

Under the re-opening [new guidance](#), salons and barbers must:

- Implement measures to ensure physical distancing of at least six feet between and among workers and customers, except when providing haircutting and other close contact services.
- Provide temperature and/or symptom screenings for all workers at the beginning of their shift and any vendors, contractors, or other workers entering the establishment.
- Encourage workers and customers who are sick or exhibiting symptoms of COVID-19 to stay home.
- Screen customers upon arrival and be prepared to cancel or reschedule customers who indicate they have any signs of illness.
- Require workers and customers to use face coverings during the entire haircutting and other close contact hair services.

More information about the state's COVID-19 guidance is on the [California Department of Public Health's Guidance web page](#).

## **UPDATE ON REOPENING THE STATE: PLACES OF WORSHIP, RETAIL STORES & PROTESTS**

On Memorial Day, CDPH announced the statewide reopening of places of worship for religious services and in-store retail shopping. Modifications are required to keep Californians safe and limit the spread of COVID-19. Subject to approval by county public health departments, all retail stores can reopen for in-store shopping under previously issued guidelines. Under new guidance, places of worship can hold religious services and funerals that limit attendance to 25% of a building's capacity – or up to 100 attendees, whichever is lower – upon approval by the county department of public health.

While large gatherings remain prohibited under the state's stay-at-home order, CDPH also released [guidelines for in-person protests](#) and events designed for political expression. The guidance limits attendance to 25% of an area's maximum occupancy – or up to 100 attendees.

The new [guidance for religious services and cultural ceremonies](#) encourages organizations to continue online services and activities, including to protect individuals who are most at risk for more severe COVID-19, including older adults and people with specific medical conditions.

To reopen for religious services and funerals, places of worship must:

- Establish and implement a COVID-19 prevention plan for every location, train staff on the plan, and regularly evaluate workplaces for compliance.
- Train employees and volunteers on COVID-19, including how to prevent it from spreading and which underlying health conditions may make individuals more susceptible to contracting the virus.
- Implement cleaning and disinfecting protocols.
- Set physical distancing guidelines.
- Recommend that staff and guests wear cloth face coverings, and screen staff for temperature and symptoms at the beginning of their shifts.
- Set parameters around or consider eliminating singing and group recitations. These activities dramatically increase the risk of COVID-19 transmission. For this reason, congregants engaging in singing, particularly in the choir, and group recitation should always wear face coverings and when possible, these activities should be conducted outside with greater than 6-foot distancing.

The existing [guidance for retailers](#), previously allowed for counties approved to advance in the reopening process, now applies statewide. Retail can now open for in-store shopping statewide. The state plans to launch 10,000 contact tracers statewide as part of its plan to reopen California. More than 500 individuals have been trained under the new contact tracing program, and more than 300 are being trained this week.

On April 15<sup>th</sup>, the Governor released six key indicators that will inform the state's decision-making process for when and how to modify the stay-at-home and other orders during the COVID-19 pandemic. The six indicators are:

- The ability to monitor and protect our communities through testing, contact tracing, isolating, and supporting those who are positive or exposed;
- The ability to prevent infection in people who are at risk for more severe COVID-19;
- The ability of the hospital and health systems to handle surges;
- The ability to develop therapeutics to meet the demand;
- The ability for businesses, schools, and childcare facilities to support physical distancing; and
- The ability to determine when to reinstitute certain measures, such as the stay-at-home orders, if necessary.

The Governor said there is not a precise timeline for modifying the stay-at-home order, but that these six indicators will serve as the framework for making that decision.

He also noted that things will look different as California makes modifications. For example, restaurants will have fewer tables and classrooms will be reconfigured.

## LEGISLATION:

On March 17, 2020, Governor Gavin Newsom signed emergency legislation providing up to \$1 billion in funding to help California fight COVID-19.

1. [SB 89](#) by the Committee on Budget and Fiscal Review – Budget Act of 2019.
2. [SB 117](#) by the Committee on Budget and Fiscal Review – Education finance: average daily attendance and timeline waivers: protective equipment and cleaning appropriation: COVID-19.

The emergency legislative package provides \$500 million General Fund to help California fight COVID-19 and authorizes increases up to \$1 billion. The funding is intended to:

- Increase hospital bed capacity and purchase medical equipment to combat the coming surge in COVID-19 patients;
- Protect hospitals, nursing homes, and other facilities most vulnerable to COVID-19 spread;
- Provide lifesaving services to Californians isolating at home;
- Support local government to reduce the spread of COVID-19 in homeless populations and provide safe beds for people experiencing homelessness; and
- Provide funding to clean childcare facilities that remain open.

However, the operative language of the bill says, “\$500,000,000 is hereby appropriated from the General Fund to any item for any purpose...” – there will be pressure for the Governor to spend this money outside of his stated purposes.

The package also provides \$100 million Proposition 98 General Fund for personal protective equipment and cleaning for schools that remain open. It also allows schools to maintain funding despite service disruptions.

On June 18<sup>th</sup>, Governor Newsom signed [AB 860 \(Berman\)](#) which requires county elections officials to mail a ballot to every registered active voter for the November 3, 2020 statewide general election. Gavin Newsom (Case No. CVCS20-0000912) granting interim declaratory relief and a temporary restraining order suspending Executive Order N-67-20 “as an impermissible use of legislative powers in violation of the California Constitution and the laws of the State of California.” AB 860 provides clear statutory authority for local election officials to mail ballots to registered voter for the November election.
