REQUEST FOR QUALIFICATIONS:
Architectural/Engineering Services
Project No.: DC-866
Mount Zion Campus Space & Seismic Studies

The University of California at San Francisco Medical Center (UCSFMC), Design & Construction is seeking responses to this Request for Qualifications for Structural Engineering services for evaluations of buildings for the Mount Zion Campus Space & Seismic Studies project. Building types are OSHPD-1, MOBs, and leaseholds. This project is located at the Mount Zion Campus, 1600 Divisadero Street, San Francisco, CA 94115.

Mount Zion is a campus for UCSF faculty, staff, students, patients and other visitors that totals about 3,200 people on a daily basis. The growing network of outpatient services at Mount Zion includes Audiology, Cochlear Implant Center, Otolaryngology (ear, nose and throat), Dermatology, Headache Center, Asian Heart and Vascular Center, and adult and pediatric primary care, as well as an outpatient surgery center.

Mount Zion serves as the main base for diagnosis and treatment of cancer patients, and maintains a state-of-the-art outpatient center providing one-stop care by a team of specialists. The overall excellence of the cancer patient care program has earned UCSF Medical Center top ranking for this specialty. Other specialized centers at Mount Zion include the Osher Center for Integrative Medicine, National Center of Excellence in Women’s Health, Sleep Disorders Center and Pain Management Center.

Every effort will be made to ensure that all persons have equal access to contracts and other business opportunities with the University within the limits imposed by law or University policy. Each Candidate Firm will be required to show evidence of its equal employment opportunity policy.

A complete RFQ package can be obtained from the issuing office through the online bidding system, Building Connected, after registering as a new supplier and completing the registration form through the following link: https://app.buildingconnected.com/public/5549acff1c9ba80b00866b7b

As a result of this RFQ, the University may request services by the selected firm for up to three (3) years with the option of an additional three (3) years.

Please contact Alison Kang at alison.kang@ucsf.edu if you need further information or clarification of the RFQ process.

Responses to the RFQ are due by 2:00 PM, Wednesday, April 1, 2020.
