Applications may be submitted at any time. All applications require approval from the Indiana Bond Bank Board of Directors and credit approval from the Bond Bank finance provider. Please contact the Bond Bank for leases under \$25,000.

Lease Documentation

Upon review of your application and credit approval, Regions Equipment Finance Corp., PNC Equipment Finance, Key Government Finance, Inc., Crossroads Bank or Huntington Bank, underwriters for the program, will provide a complete set of legal documents and appropriate instructions to complete the transaction. **While use of the HELP Program avoids the need to bid the lease financing (IC 5-1.5-8-3(c)), the governing body must still follow the provisions of the public purchase law (IC 5-22-2) as applicable.**

Upon completion and submission of the lease documents (typically after the delivery and acceptance of the equipment), the payment would normally be sent directly to the vendor within 4-5 business days.

Lease Terms

Equipment can be leased for terms of 2-7 years based on the estimated useful life of the equipment. At the discretion of the community, payments can be made either monthly, quarterly, semi-annually or annually.

The Bond Bank will provide you with the most current rates. Interest rates will be established near the time of vendor payment. Rates will be set weekly based on the changes in the market for U.S. Treasury securities. The rates will also vary based on the length of the lease and the dollar volume of the equipment to be leased.

Additionally, leases may be prepaid at any time during the lease (if the lending bank agrees in the closing documents).
