ACEC Indiana PAC: What it Means for You and Your Business

This year, our association played an important part to start elevating water-related infrastructure needs, and we anticipate legislative action in 2019.

Other critical issues still in process include fixing unfair “duty to defend” contract requirements; preserving state licenture of P.E.s; and ensuring that P.E.s can apply their education and expertise to select appropriate materials for projects, in consultation with client.

ACEC Indiana’s PAC is vital to fighting for these causes. Your Indiana State PAC only supports candidates for the Indiana House and Senate; it does not contribute to candidates seeking statewide office (i.e. Governor) or local offices.

“Now is the time to make our voice heard. PAC funds are the currency of the conversation, and we are serious about this conversation for the General Assembly,” stated Phil Beer, Chairman of the ACEC Indiana PAC. “Each firm within Indiana needs to join that conversation by supporting the ACEC Indiana PAC... either corporately or individually.”

Because all ACEC Indiana PAC funds are only used within Indiana, corporate contributions are accepted, and many firms support in conjunction with payment of annual dues.

Individuals may contribute to the ACEC Indiana PAC, too, and to make it easier, we established an easy process online, at https://www.acecindiana.org/page/PAC.

State law imposes no limits on personal contributions. Thank you to the firms that supported it in the past. It’s not too late to give corporately or individually!

Contact us at staff@acecindiana.org for more information.
