

ACEC/PA

AMERICAN COUNCIL OF ENGINEERING COMPANIES
of Pennsylvania

Committee Interest Form

Joining a committee represents a unique opportunity for members to get involved—to make an impact on the professional and business climate, to network, to share information and best practices, and to gain visibility among peers, agencies, clients and other professional organizations with similar interests.

All committees and leadership serve as a conduit to foster, grow and protect the industry and members of ACEC/PA through initiatives and relationships with partners. Committees work in conjunction with ACEC/PA Executive Director and at the discretion of the Board of Directors following ACEC/PA Bylaws.

INSTRUCTIONS FOR COMPLETING THIS FORM: *As part of the restructuring process, ALL existing participants have been removed from the original committee structure. If interested in serving on any or multiple committees you MUST sign up as a new committee member by checking the appropriate box(es) below and initialing. We are unable to transition current committee members into the new committee structure. ACEC/PA is also asking members to consider serving as a committee leader as Chair or Vice Chair. See additional page to sign up as a committee leader.*

Aviation

INITIALS

To enhance working relationships between the engineering and architecture community and airports across the Commonwealth to address issues of common interest and concern consistent with the objectives of both groups.

Business/CFO

INITIALS

To create an effective forum that allows business leaders in the engineering industry to exchange valuable resources, relevant information, pertinent knowledge, and positive ideas that will assist them in successfully and efficiently streamlining and perfecting their business practices to achieve a productive and thriving business atmosphere in the engineering community.

Diamond Awards

INITIALS

To plan, organize, and hold the annual Diamond Awards Gala—ACEC/PA's premier event of the year—as mandated by the Association's bylaws. This event provides member firms with the opportunity to showcase representative industry projects, highlighting the engineering community's innovative solutions and engineering achievements.

Diversity & Inclusion

INITIALS

To promote diversity (race, gender, age, etc.) at various levels within the Association with an emphasis on encouraging growth and leadership opportunities for all individuals from member firms.

DRPA/DRJTBC

INITIALS

To provide opportunities for member firms to collaborate with the senior leadership of Delaware River Port Authority (DRPA) and Delaware River Joint Toll Bridge Commission (DRJTBC) to strengthen the business environment for those firms working on DRPA and DRJTBC infrastructure projects.

Energy

INITIALS

To develop industry-wide consensus and leadership positions on a wide range of issues important to engineering firms operating in the energy market; undertake a proactive legislative and regulatory advocacy program; to develop public and private market programs of interest to the membership; and communicate with the ACEC/PA membership on energy issues that affect their businesses.

Engineering Careers & Workforce Development

INITIALS

To increase awareness of the engineering profession by communicating with prospective students to foster awareness in the engineering profession; and to facilitate the growth of the engineering industry in general.

Environmental

INITIALS

To monitor environmental issues and provide liaison with PA Department of Environmental Protection (PADEP), PA Department of Conservation and Natural Resources (PADCNR) and state and local environmental agencies critical to the success of member firms; to develop programs on current regulatory issues/interest; and to enhance relationships with these agencies.

Facilities

INITIALS

To act as a liaison with clients in the facilities arena including but not limited to PA Department of General Services (PADGS), Pennsylvania State System of Higher Education (PASSHE), health care and private sector. Legislation, regulations and other activities and programs related to these entities shall be monitored.

JUNE 2018

Municipal Services

To foster and build relationships with Pennsylvania's municipalities; to identify engineering and planning needs through the development of guides and reports that contain implementation strategies and best practices.

INITIALS

Pennsylvania Turnpike

To engage the engineering industry in furthering the relationship between the consulting community and the Commission through periodic outreach, development of information and resources and engage the membership to better serve the industry.

INITIALS

**PA Department of Transportation
(PennDOT) Subcommittees**

Alternative Delivery

To collaborate with PennDOT to identify current Alternative Delivery methods being used collectively in Pennsylvania; to identify legislation changes; and to emphasize the successes or address concerns to ensure methods will be improved for the benefit of all parties (owner, designer and contractor).

INITIALS

Construction Services

To advance the Construction Service business initiatives of member firms by fostering the partnership between PennDOT, ACEC/PA, APC and the Construction Services Subcommittee on industry matters through open communication and action to reach mutually agreeable resolutions.

INITIALS

Contract Admin

To remain at the forefront of contract and legal matters between member firms and their clients; to meet with its PennDOT and PA Turnpike Commission partners on a quarterly basis and coordinate with the Business Practices/ CFO Committee as required.

INITIALS

Diverse Partnerships

To educate the membership and partners; to collaborate effective positive change between prime firms and sub consultants and create a more robust partnership which will in turn better serve the client, engineering industry and all partners.

INITIALS

Quality Task Force

To partner with PennDOT in identifying methods to continually improve the current processes, products, and resources, through the development of greater efficiencies, accuracy, and work quality resulting in enhanced transportation construction projects that continue to increase safety, reliability and longevity.

INITIALS

Public Relations

Work collaboratively with ACEC/PA staff and committees to promote their efforts, achievements and undertakings as well as to aid in marketing, communication and graphical guidance and support for their committee initiatives.

INITIALS

Scholarship

To oversee the administration of the ACEC/PA Eric J. Gennuso and Leroy D. (Bud) Loy, Jr. Scholarship Program. To include the scholarship application process, the judging of applicants to select scholarship recipients, the determination and publication of scholarship awards, and promotion of the program through outreach to colleges, ACEC/PA members, and the public.

INITIALS

Scholarship Golf Outing

To provide great fellowship while raising money for the scholarship through the planning and execution of the annual scholarship golf outing.

INITIALS

SEPTA

To enhance working relationships with between the engineering communities and the Southeast Pennsylvania Transportation Authority (SEPTA) and to address issues of common interest/concern consistent with the objectives of both. To assist SEPTA with improving the customer experience and level of safety for the traveling public.

INITIALS

Technology

To provide a forum for members to communicate with partners including but not limited to PennDOT and PA Turnpike Commission about technology issues concerning software and/or hardware. To keep the industry abreast of developing and enhancing technology advancements that benefit the engineering industry.

INITIALS

Water

To develop industry-wide consensus and leadership positions on a wide range of issues important to engineering firms operating in water markets including but not limited to the areas of water / wastewater / stormwater; to undertake a proactive legislative and regulatory advocacy program; to develop public and private market programs of interest to the membership; and to communicate with the ACEC/PA membership on water related issues that affect their businesses.
